## MASONS TO CONDUCT SERVICE

Grand Lodge Officers to Lay Cornerstone of Oakland's City Hall

Mayor Frank K. Mott and Committee Meet Daily to Discuss Taft Reception

Under authorization from the old city council, Mayor Frank K. Mott has concluded negotiations with the state grand lodge of Free and Accepted Masons to have the officers of the grand lodge officiate with the Masonic ceremony at the laying of the cornerstone of the new city hall when President Taft will be the guest of the city. Mayor Mott received word from Most Worshipful Grand Master Dana R. Weller of Los Angeles today that the officers of the state grand lodge will lay the cornerstone.

The action of Mayor Mott in this was in accordance with the original plan for the cornerstone laying, and has been approved by President Taft. The President will be the guest of the city for three hours and will greet the citizens during a parade, making his address during the program at the city hall.

GRAND LODGE SESSION.

The grand lodge of the Masons will be in session in San Francisco next week, when about 600 delegates will be present. Invitations have been issued to all them and it is believed that a large number will visit Oakland for the cornerstone laying.

Arrangements have been made with the local lodges of Masons to be present at the ceremony when, it is understood, the Knights Templar will march in uniformed ranks from the Masonic temple to the city hall.

Preparations are being made for the erection of a grandstand on the site of the new city hall and Mayor Mott and the committee are making careful arrangements for the program of the day. This will be for the honored guests of the city, when the larger portion of the populace will greet the nation's chief executive on his progress in parade through the streets of the city.

FLAGS IN CORNERSTONE.

In the cornerstone box it is planned to place copies of the old and new charters of this city, a number of other public documents, coins, stamps and other objects of interest. Mayor Mott is having two small silk flags made to be enclosed in the cornerstone, one the Stars and Stripes and the other the State Bear flag. The American flag will be one of the first to carry the forty-eight stars of the Union as it stands today.

Headquarters have been opened by the committee on arrangements for Taft day and the cornerstone laying for the city hall in the Realty Syndicate buildings, and meetings will be held almost daily to perfect all the details for the affair. The committee and Mayor Mott are in daily communication with the presidential party and all arrangements are first approved in detail before being incorporated in the final program.

## Former Mayor Phelan's Sister Seriously Ill

SAN FRANCISCO, Oct. 3.—Mrs. Francis J. Sullivan, wife of the attorney and a sister of James D. Phelan, is critically ill in Lane Hospital. Mrs. Sullivan's condition, which has caused worry to her friends and family for a month, has been such for the last few days as seriously to alarm them, but last night she was reported to be resting easily. Her physicians found encouragement in the slight change for the better.

Mrs. Sullivan is widely known for her philanthropic works. Prayers were offered in the Catholic churches of this city last Sunday for her ultimate recovery.

## New York Court Has Echo of Camorra Trial

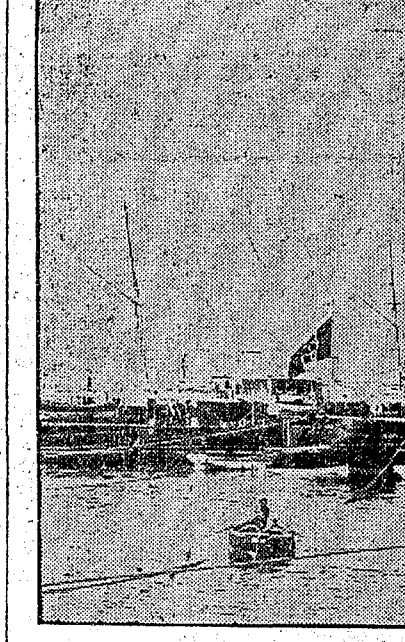

NEW YORK, Oct. 3.—Judges, lawyers and court attendants at the Court of Special Sessions here were surprised when the court convened today to find that during the summer three steer cages for prisoners had been placed in the courtroom. It is said that the Camorra trial in Italy was responsible for the innovation.

## CITIZENS OF TRIPOLI FLEE

Turkish Warships Are Said to Have Reached Dardanelles in Safety

Italy Refuses to Accept Mediation at This Stage of War in Africa

LONDON, Oct. 3.—A news dispatch from Rome tonight says a telegram from Taranto states that the Italian cruiser Marco Polo has arrived at Taranto with a captured Turkish warship, having on board a

Italian warship Etna.

Turkish general, 200 soldiers, 200 horses and 5000 rifles.

The Rome Tribuna announced yesterday that the Marco Polo had captured the Turkish transport Sabah.

GLASGOW, Oct. 3.—A private message received today from Jerba, an island off Tunis, says:

"A heliograph message from Tripoli says that the bombardment has begun. The ships are bombarding several places. The inhabitants are leaving."

PARIS, Oct. 3.—A dispatch to the Temps from Rome this morning says that according to information derived from an official source, the bombardment of Tripoli began at 10 o'clock this forenoon.

DISPATCHES DISAGREE.

PARIS, Oct. 3.—A dispatch to the Temps from Athens says that fourteen Turkish warships have re-entered the Dardanelles.

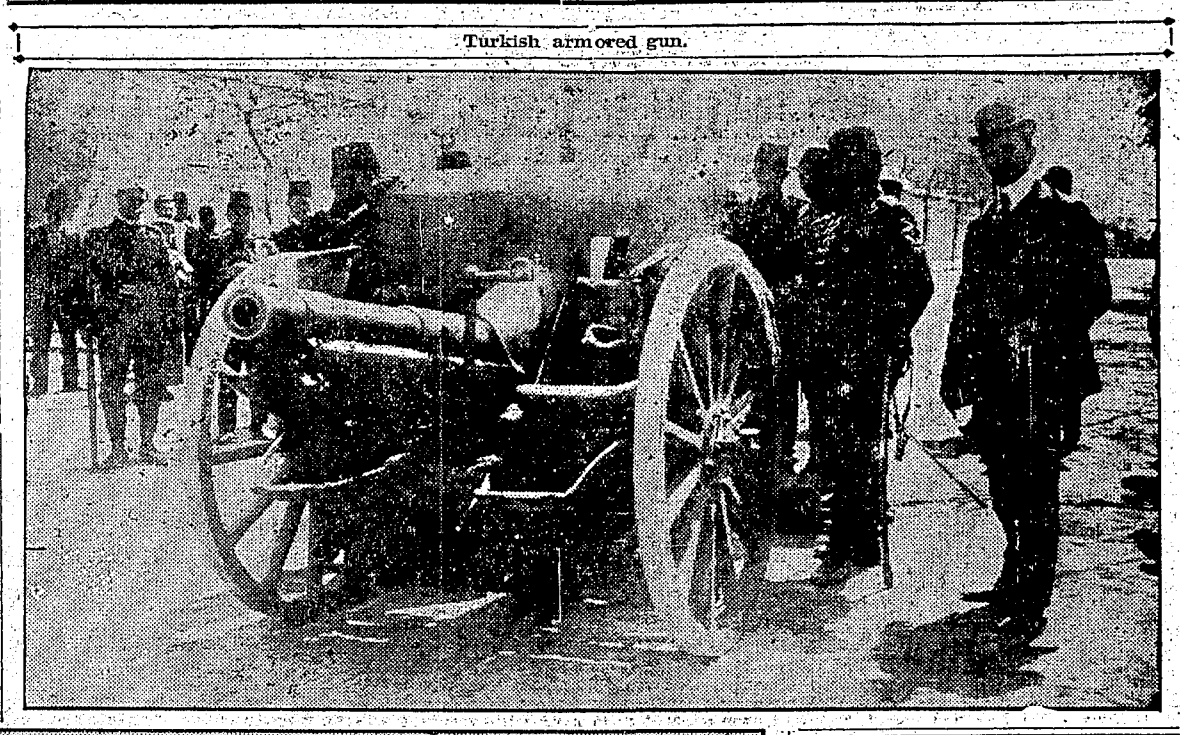

ROME, via frontier, Oct. 3.—A commander of an Italian cruiser which is cruising in the Aegean Sea, with instructions to watch for the Turkish fleet, confirms the suspicion entertained here that the announcement from Constantinople that the Turkish warships had entered the Dardanelles was untrue, and was made with the intention of deceiving the Italians.

According to the message received here from the Italian commander the vessels of the Turkish fleet separated off Samos and the several ships proceeded in many directions, the better to escape the watchfulness of the Italians.

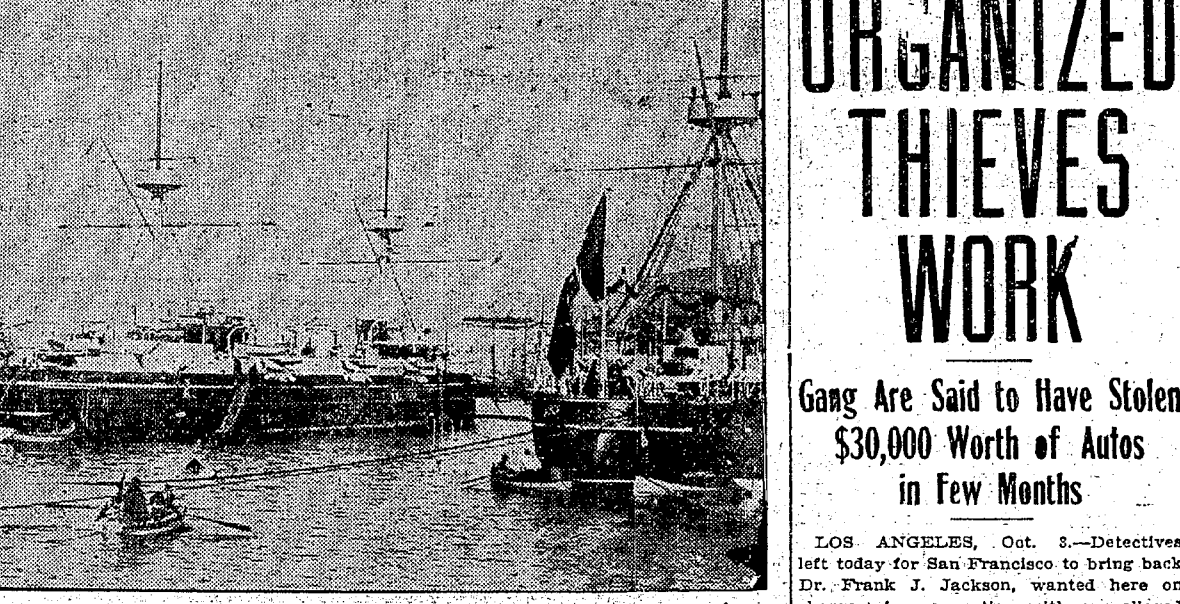

WATCH FOR VESSELS.

Rear Admiral Aubrey, in command of the Italian fleet at Tripoli, has reinforced the ships watching for Turkish vessels between Greece and the African coast. Additional warships are being sent to the area.

## Attempt to Serve Women Results in Murder of Two

MIDDLESBORO, Ky., Oct. 3.—In an attempt to subpoena witnesses wanted in a murder trial at Gibson Station, Va., two sons of James Collins were killed and the father fatally wounded today. The subpoenas were to have been served on women whose names have not been learned. The officers met resistance and when they attempted to force their way into the homes of the women they were

## STRIKE'S COURSE MARKED BY DEATH AND BLOODSHED

Kruttschnitt of Southern Pacific Company Letting Lieutenants Handle Situation

Officials Issue Statement to the Effect That No Effort Will Be Made to Secure an Injunction Against Employees in This State

## LOCAL SWITCHMEN NOT TO GO ON STRIKE

CAIRO, Illinois, Oct. 3.—Robert Mitchell, an Illinois Central switchman, was shot and killed this morning in the railroad yards at Mounds, near here, by a machinist brought here as a strike-breaker, but discharged for incompetency yesterday.

SAN FRANCISCO, Oct. 3.—It was definitely announced from the headquarters of the Southern Pacific Company today that no legal steps similar to those taken in Mississippi resulting in the procuring of a sweeping injunction against the strikers would be taken in this State. It was stated that as far as the Harriman lines in California are concerned, and as far as the company's ability to handle their trains was to be taken into consideration, the situation today was better than at any other time since the calling of the strike.

HOUSTON, Texas, Oct. 3.—J. J. Pipes, special officer from Athens, Texas, was shot and killed just inside the gates of the Southern Pacific shop yards today while en route with a small party of officers and strike-breakers from a train to the yard. S. B. Crockett, another special officer of the party, who was near Pipes, and who was wounded, says the shots were fired from within the yards where guards were stationed. Captain H. S. Sisk, also injured, who was escorting the party to the yards, says the shots came from strikers following his charges and that he believes he fired one shot in reply. J. H. Day, one of the company's employees, says that the shot came from a side direction.

In addition to those shot or stoned, Gordon Knight, a strike-breaker, was stabbed in the face. All the injured are expected to recover. Chief of Police Voss said that his investigation indicated that the strikers were not making threats, but were trying to persuade the strike-breakers not to take their places.

## KRUTTSCHNITT UNCONCERNED.

CHICAGO, Oct. 3.—Julius Kruttschnitt, vice-president of the Harriman lines, will not place a time limit within which the shopmen may return to work. "Matters of that kind have been left in the hands of the presidents of the roads comprising the Harriman system," he said. Mr. Kruttschnitt indicated, however, that the strike was not proving as serious as the railroads had expected and that a number of the employees had applied for reinstatement.

## Quiet Reigns in S. P. West Oakland Yards

The strike situation in the West Oakland yards of the Southern Pacific Company, evidences no material change today. The men who walked out last Saturday have remained quiet and orderly and only the regular number of pickets are on duty. Watchmen are still maintained at the various gates and the trains are being handled according to schedule. Strike-breakers continue to pass through the gates seeking employment in the yards. Some come in twos and threes from uptown employment agencies, while others are let off passing trains from the mole. According to reports there are now a large number of these men in the enclosure, although during yesterday several of them, when they became acquainted with the situation, are said to have walked out. Half a dozen men who proved to be incompetent were discharged.

COOKS ON THE JOB.

A number of company cooks have been retained in the yards for several days at work in the temporary cook houses where the men are being housed. It is not known just how many are at work in the shops at this time. The union men held a meeting this morning to talk over their affairs. So far there has been no important development, but it is stated by the leaders that they will remain firm to the end.

As regards the notice issued by the railroad officials giving the strikers a certain length of time in which to return to their employment, in lieu of forfeiting their credit for length of service, the men say they have not given it any consideration. They are agreeable to a few of their number, who are now on the pension role, staying at work and declare that unless the necessity arises they will not insist upon their going out.

S. P. Will Feed Men in Oakland Yards

Within the yards of the Southern Pacific Company operations have been made for housing and feeding as many men as will be necessary to operate the various departments for any length of time, together with the union men who saw fit not to walk out, has been added a force of laborers sufficient to carry on every branch of industry within the yards. Today, the company says, nearly a dozen men were returned to work, stating that they could not see their way clear to remain idle under the circumstances.

When the walkout occurred last Saturday morning there were left in the different shops, according to the railroad officials, enough men to continue in efficient service without the others. It was mostly the trade smiths who laid down their tools. Over fifty per cent of the mechanics working in the shops, it is asserted, remained on the job. Sixty-seven per cent of the car men, including inspectors and repairers, are said to have stayed at work. These men are now handling the usual amount of reconstruction and in all the other departments a full quota of employees are engaged.

COTS FOR EMPLOYEES.

In the large building used as a paint shop cots have been placed and a commissary established for the capacity at the present time of 600 men. This case

(Continued on Page 2)

# INVALIDS' LIVES WORTH SAVING?

Pitiful Query of a Hopeless Woman Answered by Health Expert.

Duty to Friends and to the World Demands Good Health.

Is an invalid's life worth saving? That is a question that has been asked often, according to Prof. James M. Munyon, the Philadelphia health expert. He said:

"A well known woman came to see me. 'Doctor, I am practically a chronic invalid. I have been nothing but a burden for years to myself, to my relatives and to my friends. Tell me, is my life a benefit to the world. Is it really worth saving?'

"Her despair was pitiful, but I believe that my answer inspired hope in her breast, and hope alone is the greatest curative agent God has given us. My reply to this woman's simple question was the answer I have given thousands of times to people who have asked me the same question. It is the very message that I want to convey in ringing tones to every sick and ailing person in San Francisco.

"Yes," I told her. "Your life is worth saving. It should be saved for your loved ones and your friends. It should be saved for yourself. It should be saved for the world."

"Every man and woman owes this as a duty not only to himself, to his relatives, but to the community at large. Health is the open door to success and happiness. Man has no right to allow disease to sap his vitality or weaken his capabilities. Society demands from his 100 cents on the dollar. If talents have been given him they must be accounted for. Comfort, success, pleasure and the highest joys can only be realized through exercise of the full strength of one's mental and physical powers. The sickly person is apt to have sickly ideas, and people with sickly ideas are neither a joy to their friends, a comfort to themselves, nor a help to their fellow beings."

"If I were to write a formula for the general welfare of humanity it should be—Get well! Get well, even if it takes your last dollar. I firmly believe that the time will come when governments will pass laws compelling people to keep in good health. Such a law would lift the world out of beggary, dependency and mental and moral ruin."

"A lady asked me the other day whether I was not a crank on the subject of health. I pleaded guilty at once. As long as God spares my life I shall preach the doctrine of good health. I believe in my remedies. I know that they will do all that I claim for them. I know that with these remedies in the home a large amount of suffering can be avoided, and doctor's bills greatly reduced."

Munyon maintains headquarters in the Macdonough building, Fourteenth and Broadway, and in San Francisco in the Flannery building, 702 Market street.—Adv.

**THREE KILLED WHEN BRAKE FAILS.**

SPOKANE, Oct. 3.—A special from Wallace, Idaho, says three men were killed and eight injured on the Milwaukee logging railroad, twelve miles from Herrick, Sunday. The train was on the grade and the train broke all through the derailed switch. All the dead and injured were foreigners. Their names could not be learned.

# ANOTHER INJUNCTION ISSUED I. C. RAILROAD STRIKE CONDITIONS HERE ARE UNCHANGED

AUTO-TRUCK LOAD OF BEDDING BEING TAKEN INTO THE SOUTHERN PACIFIC YARD AT WEST OAKLAND.

## DEATH AND BLOODSHED MARK COURSE OF STRIKE AT CAIRO AND HOUSTON

(Continued from Page 1.)

be increased on very short notice to carry 1000 men. At this time, however, fully 40 per cent of the employees living there are going home to their meals at noon time, while at night time 90 per cent are said to refuse the proffered shelter. This does not include the men working on the night shift. The number mentioned refers only to shop men and can men.

While the union men who went out on strike maintain that they have completely tied up the industry in the shops, it was reported this morning that the shops were in operation throughout, and the officials in charge declare that they are having no difficulty in turning out all the work necessary. This morning there were said to be sixteen passenger and freight engines on the extra list and ready for service. This is considered as sufficient, and that the number will be maintained as long as necessary is also declared.

**MENT WELL CARED FOR.**

In regard to the treatment of the men inside the yards, they report they are being cared for by the company in a most thorough manner, and anything that will add to their comfort is being allowed. Their meals are of the most substantial and their beds are comfortably furnished in every way. Those who come to work are being furnished with overalls and jumpers. Tobacco is also supplied them by the management of the railroad.

A supply store has been opened, where they will be able to obtain such articles as are necessary to them. Reading rooms are also being established in furtherance of their comfort, and on the whole it is asserted that should the strike continue for any length of time the many hundreds of men quartered in the yards will not find it necessary to go outside for anything whatever.

Local officials of the switchmen were highly incensed today over reports that are being circulated by the strikers to the effect that the switchmen contemplated a sympathetic strike. A delegation of men interviewed the officials this morning and assured them that no threatened move on their part was contemplated. They are bound by an agreement which they say they do not intend to break at this time.

**EACH RESPECT OTHERS.**

At present there are a hundred and eighty watchmen in charge of P. J. Kimbleton, chief special agent of the Southern Pacific. They have so far come in contact with no disturbances. On the other side it is a most orderly controversy. The union men maintain their respect for the railroad officials and, on their part, these officials hold the men in the highest esteem.

Men in search of employment are continually applying at the yard offices and to date more than a hundred have been refused. These men for the most part were seeking employment as watchmen. Their influx is said, by the officials, to be a result of highly exaggerated newspaper reports on the strike situation.

In answer to a report this afternoon that two car loads of strike-breakers were on their way to the West Oakland yards from points in Nevada, via Sacramento, officials here declare positively that the men were not being sent to this city, or for service in this division, for the reason that they are not needed.

**CIRCULARS ISSUED.**

Circulars issued yesterday and today by the railroad officials are in the form of communications to the strikers, informing them that the old men who walked out Saturday morning may have until tomorrow at 8 o'clock for complete reinstatement, and the night men who have gone out may return under the same conditions between now and 6 o'clock Thursday morning.

A large number of men are expected to take advantage of this offer, and already quite a number have done so. They represent the several branches of industry.

But one act of vandalism has so far been reported as a consequence of the strike and that occurred last night when the air tubes on four freight cars that had been shunted upon a spur track outside the yards were cut by unknown parties.

## Strikers Given a Chance to Return To Their Benches

San Francisco, Oct. 2, 1911.

All Concerned.—On account of such a large number of men at the different points who left the service of the company September 30, having regretted their action and also expressing a desire to return, it has been decided that they will be accepted upon the following basis:

It must be understood that they are taken on as new employees and only these should be re-employed who have heretofore borne good records, and without any obligations upon the part of the Southern Pacific Company as to rates of pay, rules or working conditions. The forty-five-year limit of age will be waived only in cases of men of exceptional ability and previous good records. It must be understood, also, that the men who remained loyal to the company by continuing at work will be taken care of under all circumstances, it being our purpose to give them preference hereafter.

This privilege will extend only until the usual working hours for day and night shifts on Wednesday, October 4, 1911, after which time no more of the men will be accepted.

H. J. SMALL, Gen. Supt. Motive Power of Southern Pacific Company.

## Strike Breakers for the Oakland Yards

SACRAMENTO, Oct. 3.—Two carloads of strike-breakers passed through Sacramento on passenger train No. 9 from the east at 3:40 o'clock this morning bound for Oakland, and it was announced that five more carloads are coming. These strike-breakers, it was announced, are mechanics and have been brought for the purpose of taking the places of the strikers at Oakland.

While not one strike-breaker left the train in Sacramento to enter the local shops, the company is making preparations for housing and supplying food to a large number of men here, should occasion arise. Two hundred additional cots were erected today in the shops here, and it was announced that groceries and supplies sufficient to take care of 100 men were at hand.

## Los Angeles Yards Almost Deserted

LOS ANGELES, Oct. 3.—Union leaders here declare that in place of the 15,000 men who are said to have struck last Saturday at the Southern Pacific and the Salt Lake shops, the two railroads together have only about 1,000 men at work today. Forty-three men, it was stated, were at work for the Southern Pacific and that the majority of them were foremen who were permitted by the railroad to draw pay without actual work in order to have some one there.

Union men also reported that ten walked out of the upholstering department yesterday through sympathy with the Federalists and that only a foreman and a helper remained in that section of the shops of the Southern Pacific. Solder washers who went out in sympathy with the strikers, said they had refused a raise of 25 cents a day if they would return.

While the strikers reported small numbers at work, officials of the Southern Pacific said 450 men were employed in their shops and the Salt Lake officials gave out 150 as the number working for them.

## Strike Breakers Are Attacked by a Mob

DENISON, Texas, Oct. 3.—A party of fifty-five strike-breakers enroute from the north over the Frisco lines to Houston was attacked here last night by a mob armed with clubs and bottles. Several persons were hurt and the strike-breakers were chased out of the city.

## Effort Made to Fire Box Car in Chicago

CHICAGO, Oct. 3.—An attempt was made to set fire to a box car standing on a switch track at Dauphin Park early today. Policemen extinguished the flames before much damage had been done. Dauphin Park is about a mile from the Burnside shops and the police are in doubt whether the incendiaries were strike sympathizers or vagrants.

## Illinois Central Secures Injunction

CAIRO, Ill., Oct. 3.—The Illinois Central railroad applied for and obtained an injunction in the United States district court for the Eastern Division of Illinois at Cairo today directed against strikers and strike sympathizers and preventing

## Stops a Cough Quickly

—Even Whooping Cough

A Whole Pint of the Quickest, Surest Cough Remedy for 50c—Money Refunded if it Fails.

If you have an obstinate, long-continued cough, which refuses to be cured, get a 50c bottle of Pinex, mix it with home-made sugar syrup, and start taking it. Inside of 48 hours your cough will be gone, or very nearly so. Even whooping cough is quickly conquered in this way.

A 50c bottle of Pinex, when mixed with home-made sugar syrup, gives you a pint—a family supply—of the finest cough remedy that money could buy, at a clear saving of \$2. Very easy to prepare—full directions in package.

Pinex soothes and heals the inflamed membranes with remarkable rapidity. It stimulates the appetite, is slightly laxative, and has a pleasant taste—children take it willingly. Splendid for croup, asthma, bronchitis, throat tickle, chest pains, etc., and a thoroughly successful remedy for incipient lung troubles.

Pinex is a special and highly concentrated compound of Norway White Pine extract, rich in gualic acid and other healing pine elements. It has often been imitated, though, never successfully, for nothing else will produce the same results. Simply mix with sugar syrup or strained honey, in a pint bottle, and it is ready for use.

Anyone who tries Pinex will quickly understand why it is used in more homes in the U. S. and Canada than any other cough remedy. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

# Chance for Pension Holds Many S. P. Men

CHICAGO, Oct. 3.—The pension system which was put in effect several years ago is expected by officers of the Harriman lines to deter a large number of shopmen from joining the strike. Nearly all the men who have been in the employment of the company for a number of years and who soon will be entitled to retire on a pension have remained at work, the railroad officers say.

# Vandalism Reported at Stockton by S. P.

STOCKTON, Oct. 3.—Special railroad officers and deputy sheriffs are searching for some one who this morning removed a coupling pin from a Southern Pacific freight train at West's Winery near this city, breaking the connections and causing the train to separate.

Southern Pacific officials claim that the strikers have severed over 30 hose connections on trains arriving at Tracy. The company has posted heavy guards in the yards here. The blame of this work is also denied by the strikers, who assert it is being done with intention of casting discredit on their unions.

# Strikers Standing Firm at Portland

PORTLAND, Ore., Oct. 3.—No defections have occurred in the ranks of the local Southern Pacific strikers. A. J. J. who went to work yesterday yielded to the persuasions of the pickets, and did not show up this morning. No attempt had been made by the railroads to fill the strikers' places and so far as known no strike-breakers are on the way to this city. Last night passed without disorder of any kind being reported to the police.

# Effort Made to Fire Box Car in Chicago

CHICAGO, Oct. 3.—An attempt was made to set fire to a box car standing on a switch track at Dauphin Park early today. Policemen extinguished the flames before much damage had been done. REEHAN SPARED  
JAIL SENTENCE  
PLAN CELEBRATION  
IN NEW QUARTERS

Disgraced Rug Dealer Admitted to Probation for Four Years.  
Chamber of Commerce Names Committee to Serve On Reception Board.

K. J. Reehan, a Syrian, was placed upon probation this morning in the Superior Court by Judge William S. Wells, for a period of five years, after having pleaded guilty to the charge of grand larceny, he having stolen several rugs entrusted to him by various people. An interesting feature of his case, as developed by the probation officer's report, was the fact that Reehan has made several small fortunes as a rug dealer and that despite his present embarrassment is confident that he will be able to recoup his depleted finances and live down the present disgrace which a succession of business reverses drove him into.  
The probationer is the son of a Syrian who, thirty years ago, collaborated with the famous missionaries, Calhoun and Van Dyke, in translating the Holy Bible into the Arabic language.  
Reehan lost everything in the San Francisco fire in 1906, but in the few years that followed cleared \$25,000, and had it on deposit in an Oakland bank when he became possessed of the idea that he would speculate and make himself a millionaire quickly. To this end he invested all of his savings in mining, railroad and other stocks and lost every dollar in less than forty-eight hours.  
While names were not mentioned in court, the probation officer informed that Reehan had been a member of the Millionaires' Club, a group of multimillionaires residing in the city of the bay region and vicinity. These influential friends, Reehan explained, were ready to give Reehan another start in business by advancing the money necessary to establish himself again, and Reehan promised the court that if given the chance to make good outside prison walls he certainly would.

STUDENTS ARE URGED  
TO JOIN ORGANIZATION

This afternoon a meeting was held by the student body in the assembly hall of St. Mary's College, the chairman of the association, Brother Cornelius presiding. He spoke to the students of the League of the Sacred Heart, urging upon them the importance of adopting the devotion of the Sacred Heart, and the membership in the league efforts, and in particular, enjoined upon the new students to enroll themselves in the organization. The members of the league will receive holy communion in the college chapel Friday morning.

You Can Feel  
Your Eczema Heal

(From the American Drug Reporter.)  
"Eczema on the head and scalp is a common occurrence of a most common disease, and it is to be regretted that most remedies for eczema which produce cures when other parts of the body are affected fail to give good results when used for eczema on the head.  
The new drug, quinine, is different from other eczema cures offered to the public for it proves an excellent remedy for all forms of salt rheum, tetter, ringworm, psoriasis and similar skin diseases and purchasers report that they can feel it heal.  
"As eczema causes annoying itching, the sales of quinine are rapidly increasing and it is probably the most popular 'home treatment' known. All that is necessary is to dissolve two ounces of quinine in a half pint of hot water. For eczema on the head rub quinine lotion well into the scalp with the finger tips. For eczema elsewhere a cloth saturated with quinine lotion is applied for a half hour twice a day to the affected surface. Quinine stops the itching at once."

have been stationed between the mainland of Greece and Carigo, the southernmost of the principal Ionian islands between Cerigo and Crete, and between Crete and Tripoli.  
According to official reports a total of fifty-seven Turkish steamers, yachts and other craft of various sizes have been seized in Italian ports or captured by the Italian fleet at sea, while the Italian vessels taken by the Turks number only three.  
CITY DESERTED.  
Wireless messages received here today from the Italian fleet off Tripoli state that the city is practically deserted outside the Turkish garrison. The only Italians remaining are the apostolic delegate and a few French missionaries.

The natives have retired to the interior, transporting with caravans of camels 6000 old Mauser rifles received from the Turkish military authorities and 4,000 new Mausers, which were landed by a Turkish transport.  
The plan adopted evidently is to arm the Arab tribes of the interior for a guerrilla warfare against the Italians.  
The natives have retired to the interior, transporting with caravans of camels 6000 old Mauser rifles received from the Turkish military authorities and 4,000 new Mausers, which were landed by a Turkish transport.

Germany Will Not  
Proclaim Neutrality

BERLIN, Oct. 3.—It was announced at the foreign office today that Germany probably would not proclaim her neutrality toward the Turkish-Italian war. The reason ascribed for this decision was the probability that the conflict would be of brief duration. No steps toward mediation were likely to be taken, it was said, before the Tripolitan coast has been occupied by the Italians.

Alarmed Italians  
Flee From Turkey

CONSTANTINOPLE, Oct. 3.—An influential member of the committee of union and progress stated to the Associated Press today that he realized that Turkey had been forced by unfavorable circumstances to submit to the Italian proposal to evacuate Tripoli, but that, on account of the fanaticism of the people, a show of resistance had to be made.  
At present there are only 93 deputies in Constantinople, a number insufficient for a quorum, but as soon as the requisite 140 members arrive the chamber will be convened.  
The German consulate is stormed by anxious Italians who are asking for passports that will permit them to leave the country. Yesterday 600 left the city and today the consulate still had 6000 applicants with whom to deal. Those remaining are subjected to heavy taxes.

The Turkish cable to Tripoli has been cut and the officials are ignorant of what is going on there. All officials and officers have been ordered to return to their posts.  
An Egyptian noble has offered to organize a force of 30,000 Egyptians to march against the Italians at Tripoli.  
The special committee, which is composed of members of the Progress and Prosperity committee and board of directors of the Chamber, is also actively working sending out special invitations to the number of one hundred to invited guests for that occasion. These include Governor Hiram Johnson, Luther Burbank and representatives from the civil and commercial organizations abroad the bay. The speakers of the evening will include, in addition to Gavin McNab, Mayor Frank K. Mott, H. C. Capwell, Harmon Bell and C. C. Juster.

Call Not Yet Made  
On Italians in U. S.

NEW YORK, Oct. 3.—Neither the Italian nor the Turkish consulate has received communications from their respective governments concerning Tripoli. While it was said at the Italian consulate that some young Italians were turning to their native land under the conscript laws, which compel service in the army for two years' teaching the age of 20, no move has been made or was likely to be made for compulsory mobilization in this country of Italians liable to service.  
At the Turkish consulate it was said the services of Turks in the United States, of which there are about 500,000, would not be needed.

Bombardment of  
Tripoli in Doubt

LONDON, Oct. 3.—A dispatch to a news agency here from Rome says that the bombardment of Tripoli by the Italian fleet "has begun."  
The message is timed at the Italian capital at 11:30 o'clock this morning, but the hour at which the bombardment began is left in doubt.  
Up to early afternoon there has been no confirmation received here of this report, though last night's advice indicated that an attack on the Tripolitan forts might begin today.  
A message to Italy from an Italian warship off Tripoli, dated Sunday, quoted the Italian consul as saying that the bombardment would begin three days after the notification to the population to evacuate, which was given on Saturday. Another dispatch to a paper at Rome from Malta last night also set forth that the bombardment would begin today.  
The Turkish ambassador, Tewfik Pasha, presented a note from his government to the foreign office today complaining that contrary to all rules of warfare, the declaration of war against Turkey had been preceded by hostilities on the part of the Italian warships.

For this reason both lawfully and by reason of the existing situation Turkey had the right to employ against Italy not only measures arising out of a state of war, but also measures which the present situation may permit her to decree. Notwithstanding this right Turkey had withheld such measures while making a fresh appeal to the powers in the conviction that it was still possible to end the war.  
Bucknam Refuses to Become a Turk  
TACOMA, Oct. 3.—Because Sultan Mohammed V. has refused to allow his navy rank Admiral Ramsford D. Bucknam, pioneer Puget Sound navigator, who became a Turkish naval officer, shall renounce his American citizenship, the Puget Sound soldier of fortune will not have a chance to win laurels in the present war.  
Admiral Bucknam for many years was a resident of this coast. As an outcome of the sultan's drastic order he has resigned his position as vice-admiral. Bucknam is next in command of the Ottoman fleet by W. T. Ledbetter, formerly of the United States hydrographic office in Portland, Ore. Ledbetter was an officer of the American navy, and many years ago resigned to cast his fortunes with the Turkish navy. Rather than renounce his American citizenship, Ledbetter also has sent in his resignation to Mohammed V.

Italy Declines to  
Accept Mediation

PARIS, Oct. 3.—The Italian embassy this afternoon authorized this statement: "Mediation by third powers between Italy and Turkey is meted by French and foreign newspapers. No declaration in this regard has been made by the royal government. It cannot speak of mediation or negotiations until after Turkey shall have recognized the occupation of Tripoli by Italy."

ALBANY SURPRISED  
BY GETTING NEW  
MAYOR

Geo. W. Browne Resigns and E. D. Cursching Elected in His Place.

SECRET CONFERENCE  
PRECEDES MEETING

Retiring President of the Board Retains His Position as a Member of Body.

ALBANY, Oct. 3.—The town awoke this morning to find that a new mayor. The board of trustees accepted the resignation of George W. Browne, president of the body, and mayor of the town, and voted E. D. Cursching, a building contractor, into the position.  
The action was a complete surprise to the small lobby of citizens who attended the meeting and to those who learned of the change this morning.  
BROWNE GIVES REASONS.  
Browne publicly explained his resignation by saying that business required his absence from town for a lengthy period. He conferred in secret with all the other members of the board except Trustee Frank J. Roberts, just before the meeting was called to order, after which the formal resignation was read. Roberts was not present at the board meeting. Browne, who is a member of the so-called "solid four" of the board, will retain his position as a trustee. He was made president and mayor one year ago, when Roberts, the incumbent, was voted out of the chair. The office was declared vacant and the board met to elect a successor. It was then chosen as Robert's successor.

The selection of Cursching as head of the board last night was by unanimous vote of the other members present.  
TRUSTEES CRITICIZED.  
The board has been severely censured by the Albany Improvement club, of which Trustee Roberts is a leading member, on account of the action of the body in ordering an assessment of property owners on San Pablo avenue for the paving of that street, to cost \$70,000, instead of allowing land companies to do the work as they agreed in their sale contracts. The proceedings were rescinded two weeks ago and the reality concern is doing the work. The trustees were threatened with recall if the State amendment providing for it is carried. Roberts' action of the board in reversing itself.

OFFICERS REVIEW  
THEIR FINDINGS

The Naval Courtmartial Again Going Over Testimony in Pippin Case.

VALLEJO, Cal., Oct. 3.—Acting under orders recently received from the judge advocate general of the navy, the naval court, which tried Paymaster Arthur M. Pippin and Pay Clerk James V. Fuller, retired, or the receiving ship, Independence, on charges of embezzlement and misconduct of the pay office, assembled today at Mare Island to review its findings. The session is being held behind closed doors and the new findings will be forwarded tomorrow to Washington. The review of the court was ordered on the ground that the testimony taken before the court did not render a verdict of guilty. The court was instructed to render its verdict in accordance with the testimony. The nature of the verdicts on the several other charges is not known, but it is believed that the action of the department in ordering a review is unfavorable to the accused.

The  
Mason & Hamlin  
PIANO

do not rest their claims of Piano superiority on past reputation, enviable though it be, but on the real artistic quality of their product of today. The Mason & Hamlin Piano is a piano that embodies in its constructive principles not only the best of the past, but also the most advanced and scientific of modern ideas.  
Coupled with the genius that has made possible the building of a better Piano than the world has heretofore known is a manufacturing organization of unlimited resources and a determination to build that only to which the musical world will pay its highest tribute.  
At home and abroad the Mason & Hamlin Piano stands pre-eminent. There is in its tone, its action, its construction a subtle quality, indescribable, that wins the highest admiration of the real musician on first acquaintance, that, as the acquaintance grows, welds him to the Piano forever.

INCENDIARY BLAZE  
DOES \$125,000 DAMAGE

SCOTDALE, Pa., Oct. 3.—Fire of incendiary origin swept through the business section today, causing a loss of \$125,000. Fifty guests escaped unhurt from the Central Hotel. Fifteen buildings were burned. It is the fourth attempt to burn the town within the last three months.

FOOTPAD THREATENS  
TO SLAY VICTIM

SAN FRANCISCO, Oct. 3.—Christopher Gunderson, 403 First street, was held up by two men a few steps from his home early this morning and robbed of \$30 and a watch. The thugs held a revolver to his head, and threatened to kill him if he made an outcry. Fred A. Kleer, 2395 Harrison street, was the victim of a lone highwayman, who stole \$8 and a silver watch.

RACES WITH BEAR

AUBURN, Oct. 3.—Fred Forster of Ophir had a narrow escape from being clawed or possibly killed when a bear he had wounded near French Meadows pursued him for half a mile before he could reload his rifle and shoot. The last shot caught the big animal in the throat, stopping it suddenly when it was within three feet of Forster.

TO SPEAK ON RECALL

STANFORD UNIVERSITY, Oct. 3.—Faculty members will hear William Denman, a member of the San Francisco Bar Association, speak on "The Recall of Judges at Popular Elections" this evening in the faculty clubhouse.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?  
If you have any considerable number of the above symptoms, you are suffering from biliousness, torpid liver, with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomachic, tonic, bowel regulator and nerve strengthener.  
The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. World's Dispensary Medical Association, Props., Buffalo, N. Y.

laborers. A score or more men were engaged and rocks flew thick and fast. At the first onset the Italians fled, but being re-inforced, the fight continued until the police dispersed the mob. Then it was found out that Mike Costa, 18 years old, had had his head

# GERMS IN HER SYSTEM

Every Woman Should Read This Advice and the Generous Offer That Goes With It.

The number of diseases peculiar to women is such that it is hardly possible to mention them all. It is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally, most frequently in discharge from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Reckall Mucic-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailment of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Reckall Mucic-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. Reckall Mucic-Tone comes in two sizes, 50 cents and \$1.00. Remember, you can obtain Reckall Remedies only at The Owl Drug Co. (Inc.), 10th and Washington, 13th and Broadway, 16th and San Pablo.

# \$451,900,000 TO RUN NEW YORK

The Year's Expenses Include \$208,000,000 for Redemption of Bonds.

NEW YORK, Oct. 3.—The expenditures for running the municipal government of New York city in 1910 was more than the combined expenditures of the fifteen next largest cities in the United States, according to the annual report of the controller. The year's cash payments reached a total of \$451,900,000. Of this sum \$21,500,000 went for improvements, \$29,500,000 for interest and \$208,000,000 for redemption of bonds.

For educational purposes \$35,400,000 was spent, for the police and fire departments \$44,000,000 and for charitable purposes \$3,000,000.

**COUPLES WED IN REDWOOD.** REDWOOD CITY, Oct. 3.—H. W. Lamkin, justice of the peace, married four couples yesterday, as follows: Charles L. Ingler, 25, and Ada Mildred McCollan, aged 23, both of Oakland; C. S. Jordan, aged 23, and Ray Schwartz, aged 27, both of San Francisco; W. L. Decker, aged 21, and Neva L. Humphreys, aged 24, both of San Francisco, and Heath T. Coburn, aged 21, and Irene Crosby, aged 18, both of San Francisco.

# OAKLAND BECOMES CENTER ON THE THEATRICAL MAP

F. A. GISELA, whose acquisition of the Macdonough theater management means a new theatrical era for Oakland.

# Acquisition of Macdonough Theater by F. A. Gisea Insures This City All Productions

The dot that has marked Oakland on the theatrical map was enlarged to a good sized circle this week when Frederick A. Gisea took over the management and proprietorship of the Macdonough theater. His coming, on the surface of it, is only a business change, but underlying is fraught with significance for the progress of this city. It means, for example, that the legend "This show does not play Oakland," as run in countless advertisements of the San Francisco papers, will be a memory. It means, along the same lines, that this city's stage lovers will not have to cross the bay to see the season's attractions. In sum and substance, Gisea's entrance into the local field stands for the booking of every dramatic attraction that will come to the coast. With one extraordinary exception Oakland this season will be visited by every legitimate theatrical production that plays San Francisco. Oakland is even more than a circle on the producers' map—it is a star.

F. A. Gisea is the manager of the southern division of the Northwestern Theatrical Managers' Association, in which John Cort is the undisputed dictator of the legitimate end of the show business in the West. Not alone do the countless so-called "Independent" productions play his chain of houses, but an agreement with Klav and Erlanger gives him the "exclusive" bookings. As a consequence there is not a play produced in America that will not be seen in the houses controlled by the Cort circuit. The Macdonough theater is on that circuit.

Last season may be taken as a fair example of how Oakland fared with the theatrical people. Gortlob and Marx, associated with Harry H. Campbell and others in the management of the Macdonough, stood by the legend when it threw its forces into the field against Cort and the independent leaders. As a result many of the largest attractions of the year, on the staff of the independent managers, were routed around this city. Oakland theatergoers were forced to cross the bay if they would see "The Chocolate Soldier," for instance. The Sophers and Marlowe Shakespearean presentations, from a dramatic and artistic standpoint one of the big things of the dramatic year, were not booked here because the independent managers lacked a house in which to stage them. There are a score of other instances that may be cited.

"This condition of affairs has been relegated," Gisea said today. "In the future and beginning now, Oakland may expect to get every production that is brought to the coast. Having a single instance, in which extraordinary circumstances rule, there will not be a visiting attraction but what we will produce at the Macdonough."

"I have faith in this city as a so-called 'show town.' They say Oaklanders are hypocritical and difficult to please, which is quoted as a reason for light attendance in the past. That is not so. It has been my business to study conditions in every large city of the Pacific coast and I have found Oakland and San Francisco to be the people who attend theaters there. To be sure, you will not harbor a poor attraction and allow it to run without criticism, but as for being capricious, it isn't in your peoples' nature."

**BIG ATTRACTIONS COMING.**

"Oakland is to have some great shows this season. 'The Spring Maid' will be very short time and you will see the comic opera that has run the Merry Widow—an even race for honors. Later on in the season Maude Adams will bring 'Changeling.' What New York regards as the finest thing on the stage, 'The Passing of the Third Floor Back,' with Forbes Robertson, will also be presented at the Macdonough. John Mason's 'As a Man Thinks' probably the most dramatic production of the last decade, is booked."

"The proof of the theatrical treat in store for Oakland, Gisea gives best evidence by first time, his complete booking to date for the coming season:

"The Spring Maid, The Countess, The Country Boy, Seven Days, The Old Kentucky, Grace Van Studdford, Bright Eyes, Rose Melville, Alan Armes, Valentine, Sylvia, The Girl in the Mask, D'Orsay, Billy Clifford, The Merry and Stone, Checkers, The Fortune Hunter, The Third Degree, Fanny and the Twins, Anna Held, The Girl of the Year, The Gambler, The Virginian, The Rosary."

"Medina Sherry, Bayes and Norworth in Little Miss Fick-it, Get Rich Quick Wallingford, Mrs. Leslie Carter, Mutt & Jeff, My Cinderella Girl, The Deep Red Bird, The Girl of the Year, The Girl in the Mask, Excuse Me, Alma, Where Do You Live? The Newlyweds, Naughty Marietta, Madame X, Rebecca of Sunnybrook Farm, The Virginian, Sylvia, The Girl in the Mask, The Man From Home, Blanche Bates, Everywoman."

"Holbrook Blinn in The Boss, Overnight, The Girl of the Year, The Girl in the Mask, Schaff, Marie Dressler in 'The Nightmare,' Forbes Robertson in 'The Passing of the Third Floor Back,' the New Theatrical Company in 'The Girl in the Mask,' Finner and Don John Mason in 'The Man Thinks,' The Balkan Princess, The Love Dream, The Kiss Waltz, The Fourth Estate, 'Fanny's Profile,' 'Winter Garden Revue' and Julian Eltinge in 'The Fascinating Widow.'"

"Every improvement in the house that will insure the comfort and safety of the theatergoer will be made by Gisea. He plans to renovate the interior soon wherever such is needed. Changes will be made on the stage and handsome new asbestos curtain hung."

"With the Macdonough under his control, Gisea will command a considerable chain of California theaters, including the Union Square, recently acquired by the opera houses in Red Bluff, Woodland and Bakersfield, the Yosemite in Stockton, the Victory in San Jose and the Majestic in Chicago."

**PAY TRIBUTE TO CAMPBELL.**

Harry H. Campbell's retirement as manager of the Macdonough theater will remove one of the most popular men ever attached to Oakland theatrical circles. Campbell made courtesy his slogan. He showed it to every man under him and he insisted on it. His employment in every department of his enterprise, booked here, office his influence was felt by those who had dealings there, courtesy, patience and politeness being extended to the ticket buyers. At the door and in front of the house, too, observance of Campbell's rule was insisted on.

Advance men have come to Oakland when their shows were not booked here that they could greet Campbell. Theatrical stars the greater over number him among their cherished friends. Among the newspaper fraternity that praise for him abounds. A newspaper man accustomed to delve into a person's character

# \$5,000 Jewelry Must Go!

Oakland's Great-est Jewelry Sale in Progress.

**The Boston Store**  
955-957-959 WASHINGTON STREET  
BETWEEN 9TH & 10TH STS. OAKLAND

Think of Getting New Holiday Goods at Cost and Below!

Five thousand dollars' worth of new Holiday Jewelry must be sold at slightly above cost, at actual cost and some far below cost by Saturday night.

Here is a sale worthy indeed—undoubtedly the greatest Jewelry Sale that will take place in Oakland between now and Christmas. # SOLDIER IS SHOT; UNDER SUSPICION

Private McKenzie Believed to Be in the Employe of a Foreign Power.

SAN FRANCISCO, Oct. 3.—Shot down as he was stealing his way to the magazine room at the Presidio, where the government's secret powder is stored, Private W. McKenzie of the Twentieth company of coast artillery, lies at the point of death at the Presidio's general hospital.

The military authorities believe that in the shooting of McKenzie, who, at the time, was garbed in civilian clothes and away from quarters after taps, they have frustrated another attempt to obtain some foreign power samples of "explosive D," the secret explosive of this government.

The fact that McKenzie, though on a pass, was far off the main road in the rear of the fortifications, and that he was not under the influence of liquor, tends to bear out the belief that he was bribed to secure the samples.

An investigation is to be begun at once by Colonel J. E. Wissner, commander of the Presidio, and McKenzie's effects will be searched.

Private William G. Gretsch of the Seventeenth company, who was on duty that shot McKenzie, was patrolling his post, No. 19, when he saw McKenzie dart across his path, groping his way in the rear of the Battery Arsenal in the darkness. Gretsch, according to army regulations, called upon the man to halt, but McKenzie, instead of the man changed his course and crept along the embankment toward the sentry.

Gretsch lowered his rifle to the charge and repeated his challenge five times, though the sentry only called out two challenges. The man kept advancing, and Gretsch, not wanting to make a mistake, walked back several yards, repeating his commands to halt.

Whether McKenzie sought to spring and disarm the sentry has not been ascertained by the officers, but his actions indicated as much. When the man failed to heed the fifth command Gretsch raised his rifle to his shoulder and fired. McKenzie fell to the ground with a bullet through his body.

# October Clearance Sale Will Save You 1/3 That Iron Bed

We have quite a number of samples of good quality Iron Beds that will not be reordered and to close out the sample line quickly these samples are reduced just one-third, and easy terms. Many specials in every department.

# The South Bend Malleable Has the Heaviest Fire Box Linings

The shrewd salesman in selling the ordinary range will take no pains to show you the actual quality and weight of a range, but this is just as essential as to have a good baker.

When paying a good price for a range you want to know that it has the lasting qualities. Next to the exceptional baking qualities the strongest points about the South Bend Malleable is the fact that it has the lasting qualities that no other range has, always using less fuel than others, the weight always being distributed to the points of greatest resistance. Come in and let us show you the South Bend Malleable.

# CLEANSSES THE HAIR AND MAKES IT FLUFFY, LUSTROUS AND ABUNDANT

**Never Any Falling Hair, Itching Scalp or Dandruff if You Use a Little Danderine.**

To be possessed of a head of heavy, beautiful hair—soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

The very first application cleanses the scalp, stops itching, destroys and dissolves every particle of dandruff and prevents the hair from falling out. It is soft and inexpensive to use, and gives you soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; fresh, new, fluffiness and an incomparable gloss and lustre, and try it, for you will find you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yet—but really new hair—sprouting out all over your scalp. Danderine is the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few minutes—a delightful surprise awaits everyone who tries this.

# WOMAN MAYOR TO SPEAK IN CHICAGO

Mrs. Wilson Will Tell Women's Press Association All About Her Job.

CHICAGO, Oct. 3.—The Job of Helms Mayor will be the subject of an address at the Art Institute here next Thursday night by Mrs. Ella Wilson, mayor of Hunnewell, Kas.

The city council of Chicago last night accepted an invitation to be present at the meeting, which will be held under the auspices of the Illinois Women's Press Association.

Mayor Wilson will be accompanied by her chief of police and chief clerk.

# SAN MATEO TEACHERS MEET IN CONVENTION

SAN MATEO, Oct. 3.—The San Mateo County Teachers' Institute yesterday opened a three-days' convention at the Union high school. Superintendent of Schools Roy Clogston is the presiding officer.

More than 130 teachers were present. Mayor Charles M. Morse made the address of welcome. The teachers were guests of the Board of Trade at a four-hour automobile ride through the peninsula.

Prof. H. L. Cogdon delivered a lecture on Alaska at the evening session. Today's program consisted of a series of talks to teachers, the principal one delivered by Dr. W. H. Snow of the state board of health.

# HAD RATHER HANG THAN BE JAILED

Under Circumstances the Judge Is Disposed to Be Trifle Lenient.

CHICAGO, Oct. 3.—Threatened with a jail sentence, James Burgess, an Englishman and student at Northwestern University, begged Judge Newcomer in court yesterday that he be hanged instead.

Burgess had been arrested for taking an automobile from the garage of his employer. With three companions—two of them women—and a negro chauffeur, Burgess made a boulevard tour. He and the negro were arrested as they were driving the car back into the garage. Judge Newcomer gave them a thirty-day sentence.

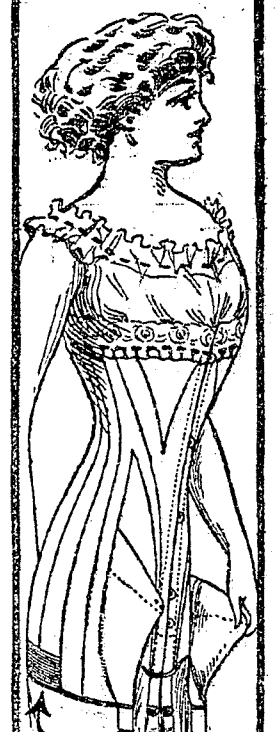

"I would rather be sentenced to hang," exclaimed Burgess. "A jail sentence would disgrace me with my schoolmates, my friends and my own father and mother. It would ruin my life forever."

"Well," Judge Newcomer said, "I'll think it over. See if you can get a little money to pay a fine."

# LA AMITA

# AN IMPORTANT STATEMENT

Some Reasons Why Nemo Corsets Have Become the World's Standard

**EXCLUSIVENESS:** Every Nemo Corset is an original patented specialty which gives valuable and necessary service, to women of every figure, which no other corset can possibly render.

**STYLE WITH COMFORT:** Our various inventions, including Lastikops Webbing, enable Nemos to produce new and superb style-effects that cannot be produced by any other corset, even at the sacrifice of health and comfort.

**ECONOMY:** Nemos are universally conceded to have far greater wearing qualities than any other corsets, and therefore are the most economical.

**Greatest Values—Why?**

We make more "high-priced" corsets (\$3.50 and upward) than all other American corset manufacturers combined. This constitutes practically all of our business; while with all other makers the higher-priced corsets are a side-issue. Therefore it is easy to understand that, with this vast output, we CAN and DO give the public far greater values in Corsets from \$3.50 up than any other maker can afford to give.

**FIXED, FAIR PRICES:** Nemo Corsets are sold to retailers only upon agreement to retail them at fixed standard prices, that give the dealer a fair and legitimate profit. This protects the public from overcharges.

**BE SURE IT'S A NEMO:** Thousands of American corsets are sold under fictitious names—the special brand of the dealer. Very often the same corset is sold, in the same store, at one price under its real name and at another price under the dealer's brand. When you buy a Nemo, you know what it is, and what the price should be. And our guarantee goes with it.

**Nemos for Stout Figures, \$3.50, \$4, and \$5 For Slender and Medium, \$3.50 and \$5.00**

See Our Special Announcement Next Week!

PEKIN ZOUAVES AN IDORA FEATURE

Patrons Have Opportunity to See Greatest Drill Team in World.

Amusement lovers who visit Idora Park this week will have an opportunity of witnessing the greatest drill team in the world, the Pekin Zouaves. Manager York has secured this attraction for the remaining two weeks of the season to entertain the patrons. Every afternoon and evening in the open air amphitheater. The Zouaves present a rapid fire military drill, performing over one hundred and thirty-five distinct evolutions in the short space of time of fifteen minutes. Their brilliant costumes and elaborate scene and electrical equipment add to the beauty of the act. While the essential features of the Zouaves' entertainment center about the military evolutions, there is an interesting plot worked in, which serves to introduce a Turkish dancing girl dressed in harem costume, who sings and dances. Amusement lovers have appeared in nearly every first class vaudeville theater in the country and have a record of over 100 consecutive nights at Hammerstein's in New York, as well as long engagements at many of the other famous theaters in the biggest cities of the country. Three performances are given every day at Idora, one in the afternoon and two every night.

GOULD TO OBTAIN PLACE ON BOARD

Representation in the St. Louis Southwestern Railway Won After Fight.

ST. LOUIS, Oct. 3.—Frank J. Gould will obtain the representation he seeks in the directorate of the St. Louis Southwestern railway, according to the admission of a report of Edna Gould when a recess was taken in the annual meeting of the stockholders at 12:30 o'clock until 2:30 p. m. The Gould brothers are not in attendance at the meeting.

STANFORD IS 20 YEARS OLD. Stanford University, Oct. 3.—Stanford University is this week celebrating its twentieth birthday. It was in the first week of October, 1891, that the Palo Alto farm became a college campus. No special ceremonies mark the birthday, but it is probable that the students will hold impromptu rallies. The "Daily Palo Alto," the student newspaper, yesterday appeared as an enlarged anniversary edition.

ARMY MAN IN AUTO CRASH. SANTA CRUZ, Oct. 3.—Captain B. H. Dorcy, United States army, retired, was seriously injured on Sunday night when his automobile skidded on a turn and collided with a fire hydrant. He was thrown against the steering wheel with such force that it broke off and he fell to the ground. He was removed today to the Presidio hospital at Monterey.

SKIN DISTRESS QUICKLY ENDED

Poslam Cures In the Modern Way, Easily, Rapidly, Permanently.

It is suffering from any skin affection it is important for you to know that the Poslam cure is the only one that will cure you. Poslam is obtainable from the Owl Drug Co., and all druggists for 50c. With this ready means of relief so easily available there is really no reason why eczema, acne, tetter, barbers' itch, pimples and like affections should be allowed to so unecessarily endure. First application stops the itching, the skin rapidly heals and is restored to normal condition. All may prove Poslam's merit, if desired before buying by writing for free sample to the Poslam Laboratory, 25 West 25th street, New York City. Poslam Soap, medicated with Poslam, the best soap for your skin. Antiseptic, disinfectant, and astringent.

HONOR 72D BIRTHDAY OF WELL KNOWN CITY PIONEER

Reading from left to right—MRS. R. BYRN, great grandmother; J. W. STRIKER, grandfather; MRS. MYRA LYON, mother; EWELL LYON, great grandson.

At the home of Mrs. Byrn, 1234 East Twenty-seventh street, Saturday evening, there was a birthday surprise party and family reunion at which, among a number of friends, there were four generations of the family present. The occasion was the seventy-second anniversary of the birth of Mrs. Byrn, a pioneer of this State and for forty years past a resident of this city. The evening was spent in a most pleasant manner. Music, games and reminiscences were on the program. Regrets at not being able to be present were received from two daughters of Mrs. Byrn, Mrs. D. S. McCullough of Phoenix, Arizona, and Mrs. J. T. Carroll of Portland, Oregon. Among those present were three daughters, two sons, a grand-

MRS. VALENTINE'S AT HOME IS A BRILLIANT SUCCESS

Suffrage Arguments Presented in the Best Light at Afternoon Affair; Society Leaders Are Present

Mrs. John J. Valentine was the hostess at one of the most important and most carefully planned afternoons of the early season, presiding at a large "at home" given at her residence in Vernon Heights yesterday. Mrs. Valentine planned the afternoon, not alone for her friends who sympathize with the suffrage movement, but in order that those who are indifferent, or who are opposed to the movement, might hear the arguments of prominent suffrage leaders. Mrs. Valentine comes from a well known family in the East, and all its members since early days have been strong supporters of the suffrage cause. Mrs. Valentine was born into the cause and so her home offered a charming background for an afternoon of debate. The Valentine residence on Vernon Heights is very artistic and the decorations were arranged with much taste and skill. They were in yellow and purple, and arranged in high effects that were charming. The large drawing room was arranged as an auditorium and early in the afternoon it was filled with a gay throng of guests, representing many of the leading suffrage workers of the city. A fashionable and very cultured audience, and the discussion was along exceedingly intelligent lines. All the guests were given an opportunity to participate in the discussion, and those indifferent to the cause, or who did not believe in the leading suffrage workers, were asked questions along any line.

Miss Ethel Moore introduced the speakers, and she explained the attitude of the College Women's Suffrage League, in that they were trying to repay the generation of pioneer women who had blazed a trail, and whose efforts had rendered possible the educational benefits the women of today were enjoying. She told the story of what the other states were doing, and that twenty-eight states now enjoyed partial suffrage. Mrs. Douglas, president of the Collegiate Alumnae Association, was very charming, speaking from the California standpoint, and making a fine plea for the working women of California. ON "TRUE DEMOCRACY." The sustained address of the afternoon was made by Mrs. Rogers of New York City. Her husband is a well known physician there and surgeon in one of the largest hospitals there. Mrs. Rogers is a woman of much social prestige in the East. Her address was a masterly one, along fine lines. She chose "True Democracy" for her subject, and its trend of thought was largely "the will of the majority." She handled subjects not specially belonging to the woman side of the question, but to suffrage generally. Restricting the vote to educational classes would result in class rule and she pointed out woman's duty in the new day's work, since modern inventions had brought on the leisure denied to her grandmother. Women's duty to other women, to the wage-earning women, to the dependent classes, to the children, to the boys of the present generation, was well considered. Men did one kind of work, some phases of work, while women must always, of necessity, stand for other things.

PIEDMONT TO BE MOST TO YOUTHS

Australian Boys Will Be Guests of City at Luncheon Tomorrow.

The city of Piedmont will entertain the Australian Boys' band at a luncheon at Piedmont Park clubhouse tomorrow at 1 P. m. Hugh Craig, a native of Australia and president of the board of trustees in Piedmont and one who is particularly interested in these boys, has been working very hard for the success of this affair. The women of Piedmont, all from representative families, have arranged very detail of this delightful luncheon. Each woman in charge of the affair will have one of the boys as her special guest. They are: Mrs. Hugh Craig, Mrs. W. L. Pattiani, Mrs. Albert L. Johnson, Mrs. Dennison, Mrs. Steiger, Mrs. Richardson, Mrs. Sharon, Mrs. Thomas, Mrs. Devereaux, Mrs. Oscar B. Long, Miss Ransome, Miss Blair, Mrs. Uhl, Mrs. Sutor, Mrs. J. Smith, Mrs. Vickory, Mrs. Waldron, Mrs. Munson, Mrs. Ballentine, Mrs. Steiger and Mrs. Nace. Mrs. Frank C. Havens has generously donated flowers from her beautiful garden and greenhouse for the decorations, and Miss Partington in her usual piping manner will sing several of her delightful songs. Mrs. Nace has been kind enough to allow the city's guests to roam around the grounds at their pleasure and the Oakland Traction Company has generously offered one of its attractive special cars for the use of the boys. It will leave Thirteenth and Franklin streets tomorrow morning at 10:30, as soon as the boys are over at the Chamber of Commerce. The boys will be turned loose in the Piedmont grounds until luncheon. In the afternoon they will all go over to the Piedmont school and the Australian boys will give some of the local boys lessons in football. The trustees of the board of education have declared a half holiday for this celebration. At Magnolia and Highland stations the visitors, accompanied by the Piedmont boys, will take the special car at 3:30 for St. Mary's college, where a number of games will be enjoyed on the cinder track of the college. It will be the courtesy of Brother Lewis, director of discipline at St. Mary's college, that the city of Piedmont was able to have the pleasure of entertaining these visitors as the time had been set apart for the college.

AERIAL MAIL LINE ACROSS CONTINENT

Hitchcock Names Ovington to Carry Letters From Coast to Coast.

WASHINGTON, Oct. 3.—Transportation of United States mail across the continent by aeroplane over a designated route, by a special mail messenger designated by Postmaster-General Hitchcock, is a test that will be undertaken this week. Earle E. Ovington, who was designated by Hitchcock to carry the mail over a short route between Nassau and Brooklyn, is completing preparations for the transportation of official mail from New York to Los Angeles. Postmaster-General Hitchcock issued an order yesterday authorizing Ovington to act as mail carrier, and directing the postmaster at New York to dispatch letters via the aeroplane route. A special mail messenger route was established by the department. It is numbered "Route 507,001," and is the longest mail messenger route ever established. A special mail pouch has been made, the ordinary mail pouch being too cumbersome and unwieldy. The pouch will contain letters for Chicago delivery as well as for delivery in Los Angeles. The postmasters in both cities have been instructed to receive and handle the mail delivered by Ovington. The aeroplane will carry a small sign bearing the word, "U. S. Mail." Ovington also will carry his credentials from Postmaster-General Hitchcock, which will insure him every right of passage from masters and postal officials. Ovington has assured the Postoffice Department that he will start from New York within a day or two.

CHARGED WITH INCOMPETENCE. NEVADA CITY, Oct. 3.—A petition signed by twenty-six fruit growers, representing the first, second and fourth supervisory districts and accusing County Horticultural Commissioner Newton of incompetence and asking that he be removed from office was filed yesterday with the county supervisors. Peck has been cited to appear before the supervisors and defend his position.

Tells Consumptives How He Got Well. Tuberculosis is said to be curable by simply living in the open air and taking an abundance of fresh eggs and milk. Undoubtedly, work people benefited in this way, but the appropriate remedy for consumption is Eckman's Alternative. It is a powerful tonic to add to strength and increase weight, eat, rest, some, nourishing food, and breathe the cleanest and purest air, then, to the tonic and curative effects of Eckman's Alternative. Read what it did in this case: 609 West Street, Wilmington, Del. "Gentlemen: In January, 1908, I was taken with hemorrhages of the lungs. My physician, one of the leading practitioners, said that it was lung trouble. I took eggs and milk in quantities, but I got very weak and my lungs were in the store. The doctors said I would not gain in weight as long as I stayed in the city, but I kept on working and praying each day that I might get well. I believe my prayers were answered, for Mr. C. A. Lippincott, my employer (Lippincott & Co., department store, 306 to 314 Market street, Wilmington, Del.), had learned of a remedy called Eckman's Alternative. I began taking it at once. This was about June, 1908. I continued faithfully, using no other remedy, and finally noticed the clearing of the lungs, which appeared to be old chunks of blood coming up. I now have a good appetite, and my lungs are healthy. I believe Eckman's Alternative saved my life. I sent my spittle later to the State Board of Health to be examined for tuberculosis bacilli, and the report was that I was cured. My mother died from consumption when I was about two years old. "I make the statement that no other man can learn of the wonderful merits of Eckman's Alternative. I regard my recovery as being miraculous." SQUIRE. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by the Owl Drug Co. and other leading druggists. Ask for Eckman's Alternative and write to Eckman Laboratory, Philadelphia, Pa. for additional evidence.

BROADWAY NOW SHOWS MOTION PICTURES ONLY

At last Oakland has a big modern theater with comfortable opera chairs, well ventilated, with plenty of large aisle seats and numerous exits, correctly lighted and protected in every way in which to see the modern entertainment of high class motion pictures, for the Broadway has discontinued vaudeville and is now devoted to a straight moving picture show. This change took place Sunday and, judging from the crowds attending so far the people of Oakland appreciate the fact that motion pictures can be better enjoyed where the conveniences are, as a regular theater such as the Broadway. The program there is an unusually long one and the pictures are presented in a superior way.

WOULD FREE RUEF. SAN JOSE, Oct. 3.—Abraham Ruef is a thoroughly penitent man and ought to have his liberty. This was the statement made by Charles Montgomery, head of the prison reform commission, in an address before a mass meeting of Los Gatos citizens. Ruef has been painted blacker than black, and is accordingly a menace to society. Any man, the speaker continued, who can behave himself and is not a burden to society ought not to be kept in prison.

DIES FROM BURNS. SACRAMENTO, Oct. 3.—Anton Anater, the 8-year-old girl who was frightfully burned on September 13, when Harry Hendren, a playmate, set fire to her dress, died yesterday as a result of her injuries. While the girl was in a hospital several attempts were made to save her life through grafting skin from several men who volunteered to make the

ARMY AND NAVY CLUB FIELD DAY

Consolidated Military Bands Will Add to Enjoyment of the Meet.

SAN FRANCISCO, Oct. 3.—The Army and Navy Club of San Francisco is to hold a field day on October 5 at Recreation Park, Valencia and Fifteenth streets, and an elaborate program has been prepared for the affair. The consolidated bands of the Thirtieth Infantry, First Cavalry and third band, Coast Artillery Corps, to which is added the drum and trumpet corps of the Thirtieth Infantry, First Cavalry and Coast Artillery corps, will furnish the music, under the leadership of Caspar Gutenberg, chief musician First Cavalry, assisted by Armand Putz of the Coast Artillery corps and Wilfred Caudet of the Thirtieth Infantry. The committee in charge of the field day is composed of Major O'Neill, Colonel Wilson and Surgeon Rupert Blue. Major General Murray, commanding the department, has accepted the presidency of the Army and Navy Club, and is giving his active interest and efforts to make the field day, next Thursday, a successful initial event for the permanent benefit of the club. The program in full follows: March, "Mete City".....Waldon With addition of the Drum and Trumpet Corps. Overture, "Zampa".....Harold Walter. Reading of the Will of the Gilded Gens from "Faust".....Gould. Excerpts from Madam Modjeska, Herbert Military exercises by Company F, Thirtieth Infantry, including their famous wall scaling feat. Battle Royal—32 best boxers in the Presidio boxing ring, and a concert, representing primitive warfare. Military exercises by Second Battalion, Thirtieth Infantry, including the physical exercises, accompanied by the consolidated bands. Bayonet and broadsword combat, representing the highest development in the action of civilized warfare. Semaphore signaling by Company H, Thirtieth Infantry. Baseball game, Union League Club team and Presidio Officers' team. Union League—L. D. Peppin, L. Terrell, G. Halsey, Wm. M. Abbott, W. B. Lomax, Captain R. G. Sherrard, Fabus, W. P. Humphrey, C. McClellan, J. J. Creed, W. L. Goodwin, C. R. Parker, H. H. Johnson, J. J. Hunter. Team Officers—Captain John L. Bond, U. S. A.; Lieutenant C. P. Huff, U. S. N.; Captain T. Q. Ashburn, U. S. A.; Lieutenant C. E. Elliott, U. S. A.; Lieutenant R. G. Sherrard, U. S. A.; Lieutenant J. R. Ellis, U. S. A.; Major R. M. Thornburgh, U. S. A.; Lieutenant C. M. Meyer, U. S. A.; Captain G. L. Wertenbaker, U. S. A.; Captain J. A. Murphy, U. S. A.; Bill Berthelov, Navy. Umpires—Bill Lang for Union League and Bill Lang for Army and Navy team.

"WON BY WIRELESS" WON MUCH APPLAUSE

"Won by Wireless," a comedy given by the Clover Leaf Dramatic Society at the local armory Saturday night, was of the most successful of recent amateur theatrical productions. The armory was filled with an appreciative audience and the various participants in the cast shared equally in the hearty applause. Among those who took part were Wendell Lindgren as William Alsworth, the stern old father; Vernon Dent as Count di Luca; Miss Daisy Simmons, as the maid; Arthur Mitchell, as the captain; Miss Alice Sandelin as Lady Caroline; Miss Loretta Kiehl, as the vicious heroine, and Charles Andrews in the leading role of Jack Sims. The officers of the dramatic society are: President, Miss Daisy Simmons; secretary, Vernon Dent; treasurer, Arthur Mitchell; manager and director of plays, Wendell Lindgren.

AVIATOR DIXON KILLED IN ROCKIES

The Conqueror of Mountains Meets Death in 100-Foot Plunge.

SPOKANE, Wash., Oct. 3.—Fresh from his triumph of last Saturday, when he topped the Rocky mountains in a sensational flight from Helena, Cromwell Dixon, a nineteen-year-old aviator, fell to his death from a height of about 100 feet in his initial performance at the Spokane Interstate Fair grounds late yesterday. A mere handful of spectators witnessed the accident, and thousands who were craning their necks for a glimpse of the aviator did not know a deep tragedy enacted just out of their range of vision. Dixon was removed to the emergency hospital on the grounds, where he died forty-five minutes after the fall. Witnesses saw Dixon bank his planes for a turn and it is thought a sudden gust of wind, coming up through a deep cut of the Northern Pacific tracks immediately below him, caught the planes, already at an angle, and before the operator could recover himself he was plunged head first to the track. When picked up from under his wreckage machine it was apparent his injuries were fatal. He was rushed to the hospital, but nothing could be done to save him. Death was pronounced due to concussion of the brain and hemorrhage. When picked up he was unconscious and remained so till he died.

GRASS VALLEY MINERS HAVE NARROW ESCAPE

GRASS VALLEY, Oct. 3.—Three men were rescued unconscious from the Sultana mine Sunday morning. News of the accident was not made public until yesterday. A blast on the 1050 level closed the shaft and the crew working there were overcome by powder smoke. They were accidentally discovered by another workman, who escaped from the level and gave the alarm by desperate effort. The men were taken to the surface and revived by oxygen treatment. The names of the men who had the narrow escape are George Miller, J. Phillips and Herbert James.

GOLDEN SLUGS IN WOUNDS.

SAN FRANCISCO, Oct. 3.—Bullets of solid gold were used by the Yaqui Indians in the battle they had with the Diaz forces during the recent revolution, according to reports brought to San Francisco yesterday with the arrival of the steamer Curacao from Mexican ports. When wounded soldiers of Diaz were operated upon after the battle in Mexican hospitals, passengers on the Curacao said many of the golden slugs were found.

New Skin Absorber in Great Demand

(National Drug Review.) Since the discovery that mercolized wax possesses remarkable absorbent powers when applied to the skin, the demand for it as a complexion renewer has been tremendous. Druggists in every section report sales far exceeding those of anything similar they have ever had on their shelves. The mercolide in the wax, according to Prof. Hoffman, gently absorbs the devitalized cuticle, in minute particles, so that the user gradually loses her old, worn-out complexion, the more youthful under-skin taking its place. Cutaneous eruptions, blotches, moth patches, tan and freckles are, of course, removed at the same time. As mercolized wax is entirely harmless, and easy to use, women all over the country are purchasing and using it to quickly rejuvenate their complexions. The wax is applied to face, neck or hands the same as cold cream, allowed to remain over night, then washed off with warm water.

# HEARST'S GOOD WORK COMMENDED

Uncle Sam's "Trust Buster" Tells of Aid Rendered by Noted Californian.

SAN FRANCISCO, Oct. 3. — Joseph Darling, special agent of the Bureau of Investigation of the Department of Justice, more familiarly known as Uncle Sam's professional "trust buster," registered at the St. Francis hotel, here, yesterday, after a long trip from Los Angeles, where he has been assisting in the investigation of the International Harvester combination, which, stands accused of violation of the Sherman act, and it is expected that he will be called soon to take part in the pending fight against the lumber combine.

PRASED HEARST PAPERS.

"In its fight against the trusts," said Darling, "the Government has been ably assisted by William R. Hearst and his string of papers. As a matter of fact, it was the expose by the Hearst papers that sent the Government after the bath tub trust people and the rubber tire combine. It was on the evidence that the Hearst papers published in their articles that the Government went up those fights."

Darling has been sojourning in Los Angeles for a week, quietly watching the progress of the trial of General Egan and others involved in Mexico's recent revolution, and has come here on an investigating mission that will demand his presence in and around San Francisco for at least two weeks.

IS SECRET MISSION.

Just what that mission is Darling refuses to say, but that it relates to some trust concern that the government is after, is quickly surmised by Darling's business of late has to do entirely with the illegal combinations that the Department of Justice is endeavoring to break up. Some day, in the near future, the Federal Grand Jury will hand down a few indictments and then Darling's mission here may be explained.

"It is the natural policy of the Department of Justice, with which I am connected, not to make public matters its agents are investigating," said Darling yesterday. "There are usually matters that the Federal Grand Jury have to consider and until that body is ready to disclose them I am legally restrained from doing so."

BREAKS UP FILIBUSTERS.

When not engaged in the arduous task of discovering violations of the Sherman anti-trust act, Darling is in his time breaking up, filibustering expeditions and revolutionary juntas, and failing their leaders for violating the neutrality statutes. For the past two or three years he has been, one of the busiest men in the government service, as has been evidenced by the more notable of his achievements.

He was one of the most active in the government's prosecution of the Standard Sanitary Manufacturing Company, most familiarly known as the "bath tub trust." In that case, which was prosecuted under the Sherman act, wholesale indictments were obtained and there are now pending two suits against the officials of the company in the civil and criminal courts.

PUNCTURES TIRE COMBINE.

Darling also engineered for the government the investigation of the rubber tire combination, which was broken up.

To his work also is attributed the success of the Department of Justice in breaking up the Santo Domingo revolutionary juntas in New York and San Juan, and obtaining indictments against the leaders, who are now out on heavy bonds awaiting trial for violating the neutrality laws.

## LEE LLOYD DIES IN SAN FRANCISCO HOSPITAL

Lee Lloyd, a well known and popular entertainer, who was stricken with paralysis two weeks ago during his engagement at the Oakland Orpheum, died last evening at 6:30 o'clock at the St. Winifred hospital, San Francisco. Lloyd had been hovering between life and death ever since he was first stricken, and although he rallied at times the improvement was only temporary. A corps of physicians, consisting of Drs. George Lee Eaton, Herman Wilson, Sidney Dannenberg and Louis Badgault, attended Lloyd and used every effort to save his life.

Lloyd was born in Chatham, Ill., on May 28, 1880. A few years later his father moved to Omaha, Neb., where Lee received his schooling. When he was 20 he came to Chicago and became an entertainer. A year later he came to San Francisco, where he became a general entertainer until he joined the Orpheum circuit a year ago last August.

Lloyd was survived by his widow, Louise; his father and mother, and two brothers, George and Archibald, and two sisters, Mrs. Otto C. Ayres and Martha Lloyd. The funeral will be held from 1122 Sutter street.

## PROPERTY BURNS AFTER SALE

SAN JOSE, Oct. 3.—Not three days after the property had been deeded to Frand di Fiore by the College of the Pacific, the old Bervezza place burned to the ground and is a total loss, including all the furniture, just moved into it by di Fiore. The property was given to the then University of the Pacific by the late Mrs. Jane Shaw, and a few days ago the trustees of the school obtained permission to sell it and add the proceeds to the endowment funds of the College of the Pacific.

## A WARNING WORD

From the Herpicide Girl

You are becoming bald. The hair is getting thin on the top of your head, and unless you take my advice you will, before long, be as hairless as a croquet ball. Remember, too, that chronic baldness is incurable.

It is all due to dandruff. I can tell, because you always have dandruff flakes on your coat collar. Besides being an irritation, dandruff is the cause of baldness, it also suggests untidiness.

Newbro's Herpicide will kill the germ that causes dandruff, checks further accumulation of scurf skin and stops falling hair.

You are not taking any chances when you purchase Herpicide, and you are tempting fate when you use anything else. Herpicide has thousands upon thousands of satisfied users who testify to its germ destroying and hair preserving qualities.

Newbro's Herpicide is authorized to guarantee one dollar size bottles. The best barbers recommend and use it.

Send 10c in postage to The Herpicide Co., Dept. R., Detroit, Mich., for sample and booklet.

# Hale's Annual Trade Sales a Great Economy Event

## Hair Good Third Floor Specials

Wavy Switches—Formerly 5.00; tomorrow at 3.50. Also 3.50 switches at 2.50. Puffs—Special at 2.50 and 1.50. All worth more.

## GRAFT IN INDIAN AFFAIRS ALLEGED

Wm. E. Johnson Declares That He Was Hindered in Carrying Out Law.

DENVER, Colo., Oct. 3. — William E. Johnson, of this city, chief special officer of the office of Indian Affairs, whose place became vacant yesterday by his resignation, has issued a public statement in which he declares that his usefulness in the position which he is said to have created for the protection of the Indians against practices maintained by some of the cabinet in the Department of the Interior at Washington, and in New Mexico, is in his statement, Johnson names Assistant Indian Commissioner F. H. Abbott of Nebraska, and Assistant Secretary of the Interior Samuel Adams, formerly a Chicago lawyer. "These two men," says the statement, "have done everything in their power to hamper, undermine and prevent the success of our efforts in catching reservation bootleggers. I refused to be chloroformed, but these men finally got me so bottled up that I could do little except mark time and draw my salary. I saw no other way to maintain my self-respect except to resign."

## MUCH RUM DESTROYED

The retiring special officer says that since he organized the special service five years ago 2400 convictions against persons selling liquor to Indians have been secured, and that approximately 500,000 bottles of rum intended "for Indian stomachs" have been destroyed. He charges that for ten years the Pueblo Indians of New Mexico have systematically plundered of their pastures, being kept in subjugation by the encouragement of drunkenness and debauchery.

Two years ago, Johnson declares, most of the Santa Clara Indians, through efforts of the special service, became abstainers and assisted in gathering evidence against "speak easies." The converted Indians are said to have secured evidence against an alleged liquor selling store at Santa Fe, controlled, Johnson alleges, by C. W. Crawford, Indian superintendent of New Mexico. No indictments were returned, in which connection, Mr. Johnson states, that the foreman of the Grand Jury was a partner of Crawford.

## BAFFIN'S LAND YIELDS RICH GOLD STRIKE

ST. JOHN'S, N. F., Oct. 3. — After a three months' voyage in which she was supposed to have been trading in Northern Labrador and Baffin's Land, the small steamer Kite arrived here yesterday. Two men had chartered the Kite for this voyage. They were R. S. Ellis, of Ottawa, Ontario, and Richard White of St. John's.

One of the sailors on the Kite on shore leave exhibited a three-ounce nugget of almost virgin gold, which he said he had dug out of a vein in Baffin's Land with a pocket knife during the voyage of his vessel. The return cargo of the Kite, as shown by her entry at the custom house, was five tons of mineral samples. Enumerated they were gold, quartz and placer gold, iron, mica, plumbago, porphyry, dolomite, zirconite, labradorite and schist.

## SMUGGLERS GIVEN TERMS AND FINES

Milliner Goes to Jail for Four Months; Millionaires Are Taxed Heavy.

NEW YORK, Oct. 3. — By imposing a prison sentence upon one man convicted of smuggling and by letting off with small fines two other men who pleaded guilty to the same offense, Judge Hough of the United States Circuit Court laid down a new rule yesterday for dealing with violators of the customs laws.

He announced, while imposing a four-months sentence to Blackwell's Island upon Abraham Lichtenstein, head of one of the largest and most fashionable millinery establishments in New York, that merchants who smuggle in merchandise for profit must suffer the full penalties of the law. Lichtenstein had already paid the government \$120,000 in fines and defaulted duties.

Then Judge Hough, who earlier in the day had heard pleas of guilty by Nathan Allen of Kenosha, Wis., founder of the leather trust, and John R. Collins of Memphis, Tenn., organizer of the Southern Coal Company, of which Allen also is a large stockholder, fined them respectively \$12,000 and \$40,000, but did not couple their punishment with prison terms.

With the duty they must pay on smuggled articles they will be mulcted at least \$120,000, and possibly \$300,000. The full line of smuggled articles has not yet been appraised.

Allen and Collins, who arrived on Sunday morning from Chicago, were charged with smuggling into the Hotel Belmont, to luxurious apartments in the Hotel Belmont. No officer of the Government disturbed their repose.

Even after Allen and Collins had pleaded guilty and were awaiting sentences, the millionaires were not taken into custody.

## RESULT OF MEXICAN ELECTION IS DOUBTFUL

MEXICO CITY, Oct. 3. — Within a week it may be possible to ascertain who was elected vice-president of Mexico, but now it is predicted it may take the official count of the 20,000 votes of the electoral college—three weeks hence to determine the winner. Madero has been elected president without doubt.

In Tehuantepec there was a clash between factions in local politics, in which seven men were killed.

The process outlined under the present clumsy electoral laws is that each electoral district sends its chosen representative to the electoral college with his credentials. These electors are chosen from various parts of the republic on October 17, the result of their action being sent by mail to the Chamber of Deputies.

## GREAT DAMAGE DONE BY STORM

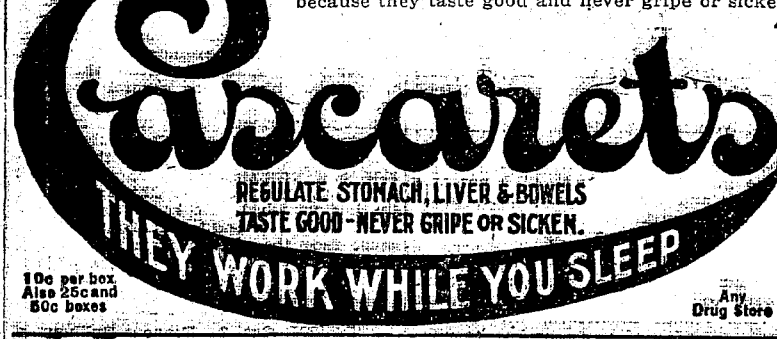

CLEVELAND, Oct. 3. — Three quarters of a million dollars' damage was done by the rainstorm which swept over Northern Ohio Sunday and Western Pennsylvania in the evening.

If the child starts in its sleep, grinds its teeth while sleeping, picks at the nose, has a bad breath, looks apathetic, pale complexion, and dark rings under the eyes, it has worms; and as long as they remain in the intestines the child will be sickly. WHITE'S CREAM VERMIFUGE clears out the worms, strengthens the stomach and bowels and puts the little one on the road to health and cheerfulness. Price 25c per bottle. Sold by Wishart's Drug Store, 1001 Washington street.

## SICK HEADACHE, DIZZINESS, TORPID LIVER, CONSTIPATION -- CASCARETS

Sick headaches! Always trace them to lazy liver, delayed fermenting food in the bowels or a sick stomach. Poisonous matter, instead of being thrown out, is absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that awful throbbing, sickening headache.

Cascarets removes the cause by stimulating the liver, making the poison move on and out and purifying the blood. The effect is almost instantaneous. Ladies whose sensitive organisms are especially prone to sick headaches, need not suffer, for they can be quickly cured by Cascarets. One taken tonight will straighten you out by morning—a 10-cent box means a clear head and perfect health for months. Don't forget the children—their little insides need a good, gentle, cleansing, too. Children gladly take Cascarets, because they taste good and never gripe or sicken.

## WEBSTER GIVES LINE OF DEFENSE

Tells Press He Was Out of His Mind When He Murdered Wife No. 1.

OREGON, Ill., Oct. 3. — State Attorney Emerson of Ogle county planned early today to present the case of Dr. Henry E. Webster, confessed wife murderer, to the grand jury and with the prisoner in the criminal court without unnecessary delay. Webster slept soundly last night and awoke feeling better than at any time since his arrest. He ate a hearty breakfast and smoked a number of cigarettes. Later he asked to see the Chicago newspapers and was allowed to read them.

"My confession, made in Chicago Sunday is true in every substantial particular, but I will have to revise it and tell about certain details which I have not touched upon as yet," Dr. Webster said. "I will not talk any more about the matter until I am taken into court. I have no regrets for what I did. I was out of my mind when I did it."

## SHANNON TO ANSWER AT BAR OF SENATE

SACRAMENTO, Oct. 3. — State Printer Shannon will undoubtedly be summoned to appear before the bar of the Senate at the special session of the Legislature to be held in November to tell why he refused to answer certain questions propounded to him by the Senate holdover committee investigating State text-books. The committee decided at an executive session to make an extensive report to the Senate recommending that Shannon be required to appear.

## BIRDS MAKE NESTS IN AEROPLANES

Aeronautic Property of Army Is Being Injured by the Feathered Flyers.

WASHINGTON, Oct. 3. — Birds of the air are endeavoring to wreak vengeance upon aeroplanes, their new-born rivals. It has been discovered by the signal corps of the War Department that the expensive aeronautic property of the army, stored at Fort Omaha, Neb., is being injured by birds building their nests in the building and fluttering among the delicate parts of the artificial flyers. The controller of the Treasury today approved the purchase of a shotgun and 500 shells with which to kill the offenders.

## CHILEAN ADMIRAL SEES TEST

WASHINGTON, Oct. 3. — Admiral Goni, president of the Chilean naval commission, went with his staff to the naval proving grounds at Indian Head yesterday, on the President yacht Sylph and witnessed a test of armor plate. It had been arranged so the admiral might see the superior quality of plate produced by American rolling mills and the efficiency of the twelve-inch naval rifle.

IT PAYS TO ADVERTISE IN THE TRIBUNE

# HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

MRS. GEORGE PRUETT, who, before her marriage this afternoon, was Miss Hazel Horton of this city.

**MARRIED THIS AFTERNOON.**  
Dr. George Pruett claimed Miss Hazel Horton as his bride this afternoon at the Peralta Apartments, when, under a bower of greens and carnations, the ceremony was read before only the families of the bride and groom.

The bride was married in a handsome white tulle gown and picture hat, while her matron of honor, Mrs. Jessamine Horton wore a blue tulle suit with a picture hat.

A dinner followed the ceremony. Dr. Pruett is the son of Dr. and Mrs. J. M. Pruett of this city. A. E. Horton, father of the bride, gave her away.

The couple will live in a new home in East Oakland, where both have many friends.

**WILL LIVE IN FRESNO.**  
Mr. and Mrs. Harold Ward Cane have left Oakland to make their future home in Fresno. Mrs. Cane was Miss Wilhelmina Fasshauer of Oakland. Cane is the son of Dr. and Mrs. Alfred Cane, also of Oakland.

They have very lately returned from an extended Southern tour. The past month have been the guests of the bride's mother, Mrs. R. Fasshauer. Their many friends and relatives have tendered them some very pretty affairs.

**MISS RYAN WEDDED.**  
Miss M. Ryan, the well known milliner of this city, was married to George L. Motz of Santa Luis Obispo, Cal., on September 23. For many years Miss Ryan has been established in business here, where she is widely known.

Motz is a well to do merchant of Santa Luis Obispo, where the couple, to the delight of many friends there, will make their home in the future.

**OAKLAND CLUB.**  
Following a short business meeting of the Oakland club tomorrow, Miss Miriam Michaelson, the well-known author, will address the members and their guests. Miss Michaelson will speak on the subject of "The Art of Writing," and will doubtless have a large audience, as she has chosen "Suffrage" as her topic, and a number of local women will be interested to hear her views on the much discussed subject.

On Wednesday, October 10, the Oakland Club will give a card party at their clubrooms in Fourteenth and Castro streets. Tables for this affair are being rapidly engaged.

**RETURNS FROM PORTLAND.**  
Mrs. Hinds Fuller has returned to her home in Thirty-seventh street, after spending the past year in Portland, where she was the guest of her daughter, Mrs. J. J. Staub.

**LEAVES FOR NORTH.**  
Miss Blanche Archibald of Fruitvale left for the North yesterday evening. She will stay with her sister in Aberdeen, Wash., for three or four months and then return to Oakland.

**EQUAL SUFFRAGE RECEPTIONS.**  
A reception for the equal suffrage discussion, which will be of wide interest, is to be given by Mrs. Frank Lamson Brown, who assisted at the especially enjoyable tea given yesterday by Mrs. J. J. Valentine at her home in Linda Vista. An innovation will be the presence of many men among the guests.

Mrs. William E. Sharon has arranged a dinner for the guests whom the California branch of the National College Equal Suffrage League will entertain this evening in Mowbray Hall, when the clever play, "Lady Geraldine's

**You Owe It To Yourself To Be More Attractive**

Carmen Powder Doesn't Show, "Stays On"

No one can tell when you use Carmen because it does not have that objectionable "powdered look." Extremely fine, unusually adhesive, Carmen Powder blends perfectly with the complexion, imparting the clear transparency and velvety texture which every woman knows is necessary to real beauty.

Softens and Restores the Natural Hue of the Skin

Carmen Powder not only preserves and enhances a good complexion, but it benefits the skin and transforms a poor complexion into charming attractiveness.

**CARMEN Complexion Powder**

—is scientifically made from ingredients so pure and wholesome that it cannot possibly injure the most delicate or sensitive skin. Its pleasing, dainty and distinctive perfume lasts until the powder is removed.

We say Carmen Powder is absolutely perfect, distinctively different from all others—a trial will convince you.

White, Flesh, Pink, Cream, Toilet Size, 50c, Everywhere

Stafford-Miller Co. 515 Olive Street St. Louis, Mo.

## WOMEN IN THE NEWS

### SPOUSE VALUED AT \$995,000 BY WOMAN

That Is What Mrs. McCrea Paid to Wed; Little Daughters Benefit.

**N**EW YORK, Oct. 3.—Beautiful Mrs. Archibald Montgomery McCrea, as she is now, who has just married the son of James McCrea, president of the Pennsylvania railroad, is poorer personally by \$995,000 because of the wedding.

Mrs. McCrea was Mrs. David Dunlop, Sr., wife of the wealthy tobacco manufacturer of Petersburg, Va. Dunlop died three years ago, leaving a fortune of \$3,000,000, one-third of which he bequeathed to his widow on condition that she should not marry again. The will provided that should she remarry she should retain only \$5000 of the million, the forfeited portion going to her four little daughters in addition to \$1,000,000 they had already inherited from their father.

### Commits Suicide

**LONDON, Oct. 3.**—American Vice-consul Westcott is endeavoring to further trace the identity of John Stella Haswell, who is said to be a young Californian. A coroner's jury here found yesterday that she committed suicide in her flat in Marylebone while insane. Apparently Miss Haswell had turned on the gas stove, tied herself in a chair and thrown a quilt over her head.

Miss Haswell was a Californian and had been a dancer with Anna Held for two seasons. Previously she appeared as a contortionist dancer at Western circuit theaters with her husband, John Haswell, whom she divorced. Her stage name was "Johnny Walker."

### Girl Weds; Suit

**SANTA ROSA, Oct. 3.**—H. H. La Fever of Graton has come to the Superior Court to annul the marriage of his daughter, Olga, to Frank Neep, a member of a well-known Green Valley family. La Fever alleges that undue influence and fraud were employed by Neep.

The girl's age was given as 18 when the marriage took place at Napa September 14 but her father avers that she is only 14.

The couple have been separated and the girl is now in the custody of her aunt. The father has been appointed her guardian ad litem to bring the suit.

### Little Girl, Victim

**SACRAMENTO, Oct. 3.**—Hazel Munday, an 11-year-old girl, appeared at her home at 1811 Eighth street at noon yesterday in a helpless condition from drink or opiates. An examination by City Physician Lindsay showed she had been the victim of a criminal assault. Her father, James Munday, a blacksmith in the railroad shops, placed the matter before the probation officers, who were unable to learn anything about the case up to a late hour last evening from the child because of her condition.

### Women Duped

**SACRAMENTO, Oct. 3.**—Fifteen detected and heartless women of this city are looking for an alleged sharper who, they say, victimized them out of a week's hard-earned money. They answered a want ad appearing in a local paper a week ago calling for women to work for \$10 a week and commission. They met a dapper young man, who fitted them out with order blanks for several popular Sacramento stores. They returned with the regular prices. They turned in their orders and money collected daily.

At the end of a week, when their salaries and commissions were due, their employer, showing himself Charles A. Coplin, had vanished. He had received from them about \$300 and in addition his dupes must face the women from whom they secured orders.

### Girl Kills Herself

**AUBURN, Oct. 3.**—Frances Sullivan, a 17-year-old girl of this city, committed suicide by shooting herself in the head with a revolver at the home of her uncle, Jacob Fresh, in Seattle, Wash., last Saturday, according to messages received here last night. She went to Seattle in July to live with her uncle and aunt. She had complained to them of being homesick and had just received a letter from her chum here when she fired the fatal shot.

### DUODECIM CLUB.

A number of the younger matrons agreed to Belvedere today to be guests of Mrs. Maria Masterson, who gave a luncheon and card party at her hospitable home. Among the guests were Mrs. Carl Rhodin, Mrs. Ernest Mendenhall, Mrs. George Lamb, Mrs. M. E. Medbury, Mrs. Charles Gibbs, Mrs. Clarence O. Flint, Mrs. Eleanor Elmer, Mrs. P. A. Jordan, Mrs. Herbert Page, Mrs. George Crangall, Mrs. Frank Corbuser and Mrs. Z. T. George.

### MIXED MARRIAGES.

**PORTLAND, Ore., Oct. 3.**—The selling of marriage certificates to disorderly women and the legalizing of marriages between whites and negroes is alleged to be the principal business of Rev. Mr. Henderson, an ordained minister of New Westminster, B. C. This was brought out in the examination yesterday of Theodore Moore, a negro; May White, his white wife, and Mrs. Walter Jones, white, the wife of a negro under arrest at Baker, Ore., under a white slavery charge.

### HIT IN COMEDY.

**NEW YORK, Oct. 3.**—Margaret Anglin appeared last night as a comedienne for the first time since she became a star. At the Thirty-ninth Street theater she inaugurated a long season with the presentation of "Green Stockings," by A. E. Mason.

"Green Stockings" was well received by a large audience, and Miss Anglin's admirers gave her a hearty welcome. The play takes its name from an old Irish custom which prescribes green stockings for the unmarried elder sister, who dances at a younger sister's wedding.

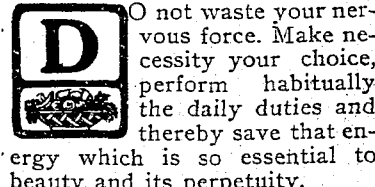

### WIDOW SUES.

**STOCKTON, Oct. 3.**—Maintaining that she and her young son, Lambert, are the only heirs at law to the estate of James L. Gocke, which is valued at \$740, Mrs. Gocke yesterday filed an opposition to the administrator's petition for distribution.

## Habit Is Beauty's Friend

By LILLIAN RUSSELL

(Copyright: 1911. By Lillian Russell.)

**D**O not waste your nervous force. Make necessity your choice, perform habitually the daily duties and thereby save that energy which is so essential to beauty and its perpetuity.

Imagine what vitality and nerve tissue would be wasted if we made difficulties of bathing, dressing, cleansing the teeth, manicuring the nails and the hundred and one other little daily duties of the home.

Habitual action eliminates nervous strain, which is one of beauty's greatest enemies. Keep tranquil in all things. Repose is rest in every sense of the word, wasting vitality is a most fatiguing thing. The duties considered irksome and performed reluctantly, drag at the nerves. Disfiguring the face with frown and scowl destroys sweetness of expression and obliterates beauty.

There is no sin in making habit of anything that improves the appearance, for by improving ourselves we are keeping the world and ourselves beautiful. We none of us think lightly of the habit of praying morning and evening. We realize that by so doing we come in close contact with beauty spiritually.

Making habit of study increases beauty mentally, and what a wondrous amount can be accomplished with a comparatively small loss of nervous force when study is made a matter of habit. I have known those who became proficient in a language in a year simply by learning two new words a day. I myself learned French in this way and was astonished at the amount I had accomplished with so little conscious effort.

We none of us depreciate the value of habit in beautifying spiritually or mentally, so why should we depreciate the value of the physical beauty habit?

I have heard women remark, "Oh, my husband thinks I am just right. He does not want me to use cold creams and powder, soaps or beautifying lotions." Self-satisfaction is the foundation of such remarks, and self-satisfaction is death to

LILLIAN RUSSELL.  
—Copyright Photo by Schloss, N. Y.

beauty. The moment a woman becomes thoroughly satisfied with herself she's lost. Cleansing soaps and beautifying creams, bracing tonics, pleasant odors may not be necessary to gain a man's love, but they go a long way toward keeping it.

I know what I am talking about, because I receive many letters from men asking me to secretly send some suggestions to their views for cleanliness and tidiness.

Make necessity your choice by regular, systematic repetition of your duties, beautifying mind, body and spirit. You know, dear friends, the immense relief accruing from the knowledge that the letter of invitation is answered, the small bills are paid and the trifling request immediately granted. A few minutes each day devoted to these duties accomplish wonders without the loss of vitality through strain on the nerves.

Combining daily duties is another method by which strain or over-taxing the nerves may be avoided. For example, the use of the boracic acid wash for the eyes and the blowing exercised for the rounding of the throat

are all that are necessary to insure to any woman a loveliness that will last as long as she lives. Keep your skin clean by using a good cleansing cream, which I will send you if you will write me again enclosing a stamped, self-addressed envelope, and also use the skin food published on the 21st of this month under the initials of A. W. W.

Gentle massage with warm cocoa butter, round and upward along the glands, will enlarge the breasts. Any hard pressure tends to flatten

may be done while the head is lifted once.

Regularity in the time and manner of brushing the hair will eliminate conscious effort of mind and create a desire to do even the irksome tasks, and I do wish to impress upon you the fact that a nervous strain is beauty's enemy, so habit is beauty's greatest friend.

I have heard so many women say: "Oh, how I would love to be beautiful." Yet these same women will frown and complain of the terrible amount of trouble it is to take the rolling exercises to reduce the hips they sigh about, or the daily breathing exercises to fill out the chest and round the flabby neck they so bitterly lament.

Make a habit of smiling and laughing every morning upon arising. Look in your mirror and smile at yourself.

Avoid mentioning a little pain or ache you may have when you arise in the morning. Instead of telling the family how you feel, tell some one how well he looks. "You look so rested and fresh this morning," is much pleasanter than "How are you this morning?" Persist in feeling well yourself, and it will surprise you how soon you will get into touch with more beautiful persons and things.

If women only understood how much their beauty depends upon repose and tranquility of thought; if they only realized how much nervous energy they wasted and the havoc they played with their beauty when they neglect to make the daily duties habits, I am sure they would cultivate with the greatest persistency the regular and systematic performance of the various trifles that so often bring the frown and scowl to the face and uses up the vital beauty forces.

Remember, habitual action eliminates nervous strain, which is one of beauty's greatest enemies.

*Lillian Russell*

them. The following exercise is also beneficial to develop the bust: Double your fists as tightly as you can, bringing them together in front with the arms raised so as to be horizontal. While keeping your arms on a level with your shoulders slowly separate your fists as widely as possible. Be sure and do this exercise with a good deal of don't worry. Deep breathing also will help to enlarge your bust, and singing is a splendid exercise. You never knew a great singer who did not have a large bust.

## OAKLAND'S BOYS AND GIRLS

### 'QUEENERS' AEGIS TO APPEAR ON FRIDAY

The second Aegis of the fall term, edited by Harold Wadsworth of the High School, will make its appearance next Friday afternoon at the Oakland High School, where the publication circulates periodically.

The edition is filled with news and notes of school activities and will be known as the "Queeners" number. It will include forty-eight pages of stories, cartoons, jokes, school notes, exchanges and athletic news. The frontispiece will be a cartoon depicting six "notorious queeners" of the school, whose names have not as yet been divulged to the school.

The cover has been drawn by Margaret Morrison and is a creditable accomplishment, having won the prize offered for the best cover design. Jack Learner, a prominent member of the Oakland High School track team, is business manager, assisted by Harold Reynolds. The associate editors of the Aegis are Margaret Meek, Marion Hook, Arthur White, Anita Miller, Archie Macdonald, Harry Creech, Margaret Morrison, Alice Watson and Eleanor Bassett. The art staff includes George Roth, Myron Nelson, Anita Miller, Margaret Morrison, Leland Taylor and E. Wyman Garthwaite.

### GIRLS' AEGIS TO APPEAR.

The semi-annual edition of the girls' Aegis, edited by girls, will be the third regular edition of the term. This paper is looked forward to by the student body because of its unusual attractiveness and originality. Miss Marion Hook will edit the publication, assisted by a large corps of assistants. The probable appearance of this paper will be November 2.

Work has already been started on the "Class Aegis," published by the graduating class, which will come out at the close of the term. The issue will include more than 200 pages and will be one of the largest school papers of the year. It will be edited by High Seniors.

Edgar Allen Poe will be the next Attorney-General of Maryland, yet some people say that poetry does not pay. —Charleston News and Courier.

### TRAMPS TO HILLS TAKEN BY SCOUTS

L. N. BRASEFELD.  
—Bushnell Photo.

The boy scouts' patrols of the First Presbyterian Church are enjoying tramps to the hills of Contra Costa county, where they pitch their tents for the night. The excursions have proved a novelty. The boys say that tramping surpasses anything in the sporting world.

Since the introduction of the scout movement in the church by W. A. Horn and L. N. Brasefeld, the boys have been interested in outdoor exercises and have profited by the various activities in the picturesque resorts on this side of the bay.

### PUPILS PREPARE FOR GRANT SCHOOL FETE

Many pounds of candy are being manufactured by the girls of the Grant School for the fete to be held next Saturday in the school grounds. Twenty-ninth and Broadway, where the pupils will assist in swelling the funds for the playground equipment. Yesterday the actual work of making the sweets commenced, under the direction of Miss G. Wadley, instructor of domestic science in the Grant School. The program for the festival has been completed. It will open with a circus, in which the clever children of the school will parade. There will be a continuous show both inside and outside of the building, where the boys and girls will make their bow in stellar roles.

### LELAND TAYLOR IS HONORED BY SENIORS

The election of officers of the High Senior class was held yesterday afternoon, with a large number of candidates out for the coveted positions. Almost every one of the candidates for graduation attended the meeting to cast their ballots for their friends.

Leland Taylor, a prominent student of the school, was elected president of the graduating class; Margaret Meek, vice-president; Eleanor Bassett, secretary; Harry Christensen, treasurer; Harry Armes, financial secretary; Margaret Lago, class prophet, and Harold Wadsworth, sergeant-at-arms.

The High Senior class will give its dance on the evening of October 13, in the High School gymnasium. About 250 invitations will be issued to the young people in the school and otherwise.

The annual Senate-Ecclesia dance, which is one of the most select dances of the school, will be held on the evening of October 28, in the school gymnasium, which is to be artistically decorated for the occasion.

Arrangements are rapidly being completed for the girls' Aegis show, which will be presented by the students of the Oakland High School next Friday evening at the High School. A very entertaining program has been arranged for the Aegis show, which is expected. Harold Wadsworth, editor-in-chief of the Aegis, is manager of the show.

### A Skin of Beauty Is a Joy Forever

**DR. T. Felix Gouraud's Oriental Cream or Magical Beautifier**

Removes Freckles, Moth Patches, Rash, and Skin Diseases. Cleanses, softens, and gives a beautiful complexion. It is the only skin preparation that has stood the test of 64 years, and is so purified and so delicate that it is perfectly safe for the most sensitive skin. Accept no imitations. The name, Dr. T. Felix Gouraud, is blown in the glass of the jar. As you add it to your toilet, you will see the difference it makes. It is the only skin preparation that has stood the test of 64 years, and is so purified and so delicate that it is perfectly safe for the most sensitive skin. Accept no imitations. The name, Dr. T. EXPOSITION CO. TAKES POSSESSION OF NEW HOME

AUSTIN'S DEAD 32, 54 ARE MISSING

Organized Relief Work Is Well Under Way in Stricken Town.

Citizens Enter Vigorous Protest Against Plan of Burning the Ruins.

AUSTIN, Pa., Oct. 3.—The rescue work last night and early this morning revealed no new horrors and Austin today believes that it knows the worst of the calamity that overwhelmed it Saturday afternoon when the waters of the broken Bayless dam swept the valley. The list of known dead stood this morning at 32, while the hasty town census showed 54 still missing.

Effective organized relief is well under way and help is being offered from many communities in the State. Commissioner Dixon of the State Health Department says that money, men and food supplies are in great demand.

MONEY IS RAISED.

Philadelphia sent word that \$5000 had been raised and was on the way. Dubois, Pa., had 150 volunteers and 200 laborers that would be in this morning, while Wellsboro, Pa., had raised \$2200 in a few hours and had dispatched the cash in an automobile. The cash is needed largely in transporting the afflicted to friends and relatives in other parts of the country. More laborers on the St. Mary river have been ordered in this morning. They will bring their supplies with them.

It was definitely learned today that Costello does not need aid. The citizens are able to care for any in distress, having several warehouses of needed supplies and all the money needed. Some clothing for women and children will be required.

"Give us our dead," is Austin's cry, voiced by State Senator Baldwin, who lost his father, mother, sister and other relatives. Only the body of his father, John E. Baldwin, has been recovered. The others are looked in the ruins.

"I speak for the people of Austin," he said. "Pennsylvania owes us the bodies of our loved ones. For forty-eight hours they have been in the ruins; how much longer will the Commonwealth leave them there? The State should have 1000 men working here now."

Austin stands to a man against the suggestion that it may be necessary to put the torch to her ruins. Feeling runs high, and should the health authorities be forced to this extremity there is no foretelling the result. The Pennsylvania State constabulary holds the town in its grasp, however, and the troops will remain here until Health Commissioner Dixon gives the word to go.

Eighty laborers reached Austin during the night and 200 more are expected this afternoon, swelling the total laboring force to 800. Health Commissioner Dixon said:

"We expect to have the ruins cleared by tomorrow night. Under no circumstances will the debris be burned until the last body there has been recovered. What we need most is food. Please urge the public to send foodstuffs. Two carloads came in this morning, but it will last only today and our reserve is dwindling. We have word from our representatives in Costello that the situation there has improved."

Up to noon one more body and a charred skull had been recovered.

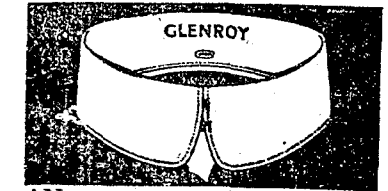

A survey of the flooded district today shows 167 homes wiped out, besides sixty-four stores, four hotels, five churches and five factories, including the Buffalo and Susquehanna railroad shops and the paper mills. About 250 houses were left standing.

Wife Delivers Funeral Oration

Standing by Husband's Dead Body She Tells of His Good Deeds.

INDIANAPOLIS, Oct. 3.—Standing by the coffin that contained the body of her husband, Mrs. Charles A. Buhland yesterday delivered an impressive funeral oration, in which she recounted the story of the married life of herself and husband, his request that the obsequies be as simple as they could be made and that she herself deliver the funeral sermon.

Mrs. Buhland was dressed in white, there was a generous display of flowers, and she sang in a sweet and well modulated voice two of the dead man's favorite hymns.

AN ARROW COLLAR

easy to tie the cravat in—easy to notch on—and has oval buttonholes, which makes buttoning and unbuttoning easy. 15c.—2 for 25c. Quett, Peabody & Co., Makers, Troy, N. Y.

QUEEN OF WALNUT CREEK GRAPE FETE WILL BE CHOSEN TONIGHT

Two fair candidates for queen of the Walnut Creek grape festival, and two prominent citizens of Contra Costa county, who are working for the success of the festival.

JUDGE A. S. ORMSBY.

MISS SYBIL BROWN.

F. H. SNIVELY.

WALNUT CREEK, Oct. 3.—The queen of the Walnut Creek festival of October 6 and 7 will be chosen tonight and great is the interest and excitement here today over the selection.

The favorite candidates are running neck to neck in the race and it will be a question up to the last minute who will win. Miss Mary Ridgway of this place has maintained the lead in the race for some time, but Miss Sybil Brown of Lafayette is a formidable rival, as are Miss Gertrude Walker of Walnut Creek and Miss Florence Soto of Concord. The fortunate winner of the contest will be the recipient of a handsome diamond ring in addition to all the honors of reigning over the festival for the two days.

The decoration committee is already hard at work preparing the town for the opening Friday. The frames for the grape arbors which will line either side of the main street are going up, and the triumphal arches at the entrance of the court of honor in the center of town, together with the pavilions for the housing of the live stock, poultry and other exhibits are already assuming important proportions.

From the plans as outlined by the decoration committee it will be necessary to have 3000 bales of hay, 2000 yards of bunting, 1000 Japanese lanterns, myriads of electric lights and tons of grapes to construct the arbors over the streets and decorate the booths. In addition thirty tons of pumpkins have been ordered for a pumpkin pyramid, and several tons of tomatoes will also be erected in pyramid form to show how profusely these products may be grown in this district.

Prizes will be given for the best exhibits of farm products and the various valleys in central Contra Costa are working with great enthusiasm to enable them to carry off the prizes.

In the live stock and poultry departments unusually attractive displays are expected. Judge A. S. Ormsby of this place is chairman of the live stock exhibit committee, while F. H. Snively heads the committee on the poultry. Both these men are making special efforts to secure large displays and expect to make their sections among the most interesting at the festival.

JUDGE GRAHAM BRINGS HAPPINESS TO COUPLE

SAN FRANCISCO, Oct. 3.—Judge Graham effected a reconciliation this morning between John Shab and his wife Hazel, after the former had signed the pledge and indicated his contriteness of heart. Mrs. Shab had been suing for a separation on the ground of intemperance and thus the jurist's heart-mending talents were brought into play.

MINER ESCAPES BLAZE BUT BLEEDS TO DEATH

BINGHAM, Utah, Oct. 3.—Peter Owl, a miner, awakened this morning to find his room filled with smoke and flames. Although he lodged on the ground floor and the door was open he plunged headlong through a closed window. An artery in his arm was cut by broken glass and he died before a physician could be summoned.

HAVENS ON STAND EIGHT FAIL TO APPEAR AT TRIAL

President of Water Company Chief Witness to Be Called Today.

SAN FRANCISCO, Oct. 3.—Frank C. Havens, president of the Peoples Water Company, was the chief witness this morning against Alexander Baum, a young attorney, accused of the embezzlement of securities to the amount of \$25,000.

Havens denied that he had employed anyone to approach Baum's mother to effect a settlement and to the circumstances of the loan for which the bonds had been given as security. The trial will probably be concluded tomorrow.

Capt. P. C. Hains Jr. Receives His Pardon

Slayer of Wm. E. Annis Leaves Prison for New York with His Father.

OSISING, N. Y., Oct. 3.—Captain Peter C. Hains, Jr., who killed Wm. E. Annis in August, 1908, received his pardon today and left Sing Sing prison a free man. Accompanied by his father, General Peter C. Hains, U. S. A., ret'd, he took a train for New York city. Hains' pardon was brought about mainly by his father. What finally caused the governor to act, however, was a petition signed by all the jurymen who found him guilty of manslaughter. His sentence was not less than eight nor more than sixteen years.

Hains' defense at his trial was that a blow on the head when a boy had affected his mind. His attorneys also declared he had been frenzied by the stories of relations between Annis and Mrs. Hains. Hains got a divorce from his wife last August. After his imprisonment Hains resigned from the army.

The Innocent Victim of Raid Is Released After He Tells His Story.

SAN FRANCISCO, Oct. 3.—The cases of the persons arrested in connection with yesterday's raid on the offices of Moss & Co. were called in Judge Sullivan's court this morning, and three keepers and five visitors failed to appear. Their bail was forfeited and the matter continued until October 6. Henry Disinger demanded to be tried at once and proved that he had entered the building to visit an architect after the raid was made. His case was dismissed.

Judge Grosscup Nears End of His Career

Will Enter Final Sales Decree in Electric Road Case and Then Resign.

CHICAGO, Oct. 3.—Judge Peter S. Grosscup, who has announced his intention of resigning from the United States circuit court of appeals, said today he would enter a final sales decree in the case of the Chicago-Milwaukee Electric road Thursday and forward his resignation to President Taft immediately afterward.

VESSEL HOME FROM NORTH.

SEATTLE, Oct. 3.—Loaded down with whalebone and furs valued at \$50,000, the trading schooner Transit, Captain John Backland, arrived in port after a three months' trading cruise in Behring sea and the Arctic ocean. Captain Backland went as far north as Point Barrow, the most northerly point in Alaska, and made stops at many other remote settlements along the northwest coast of the territory.

OFFICIALS ARE GUESTS AT BANQUET

County Assessor Horner and Supervisor Murphy Honored at Irvington.

Chamber of Commerce Host at Gathering; Many Speeches Are Made.

IRVINGTON, Oct. 3.—About 100 members of the chamber of commerce of this town, together with about two score of the representative business men of Livermore, Centerville, Warm Springs and neighboring communities, honored County Assessor C. F. Horner and Supervisor Daniel Murphy, who succeeded the former on the county board when he took up the duties of his present office, at a complimentary banquet here last night.

The occasion had been planned with the primary object of giving Supervisor Murphy, who resided in Livermore, an opportunity to personally meet the business men of the first supervisory district, with many of whom he was not personally acquainted. In addition to paying tribute to County Assessor Horner in recognition of the valuable representation he gave the people of the district while a member of the board of supervisors.

The banquet followed the regular weekly meeting of the Irvington chamber of commerce, and from the standpoint of sumptuousness and hearty good will it was the most important "get together" affair that has ever been held in Washington township.

IMPROMPTU ADDRESSES.

Following the dinner, there were a number of impromptu addresses made bearing on the commercial and civic welfare of the people of the first supervisory district, and the addresses of both County Assessor Horner and Supervisor Murphy were greeted with the spirit of progress and prosperity. The county assessor reviewed the work that had been accomplished for the communities in the way of public improvements while he was a member of the board of supervisors, and he expressed himself as certain that Supervisor Murphy would continue to safeguard the interests of his district with the same zealous pride that he (Horner) always had tried to manifest.

When Supervisor Murphy's turn came to address the gathering he paid high compliments to Horner and the people of his district. The speaker promised to work indefatigably in the interest of the people he represented in his official position, assuring his auditors that he would always favor good roads and all other public improvements that tended to increase the commercial and industrial importance of the communities he represented on the board of supervisors. He declared that while the welfare of the people among whom he lived would always be his first and greatest concern, he would also do all he could to promote the prosperity of the whole county and see that all the people had a "square deal" in their public affairs.

REPRESENTS BARNET.

Samuel B. Van Dervoort was another of the principal speakers, representing not only the executive branch of the Irvington chamber of commerce but the office of Sheriff Barnet. He reviewed the important work that had been done by the chamber for Washington township since the commercial body's organization, and impressed upon his auditors the necessity of continued cooperation not only locally, but with the other commercial organizations of the first supervisory district, to insure further progress in every line of endeavor.

The Irvington chamber of commerce is the strongest body of its kind in Washington township. It has an enthusiastic membership of about 125 and a substantial surplus in the treasury. The officers are: Judge Thomas J. Power, president; S. B. Van Dervoort, vice-president, and J. E. Wamsley, secretary and treasurer.

The success of last night's banquet was mainly due to C. N. Enoch, T. D. Witherly, W. W. Hirsch and George Ludwig, who arranged the details of the affair and provided the elaborate spread that everybody enjoyed.

WOMAN SHOTS; CAUSES ALARM

Mrs. M. D. McCrea Says That She Fired Three Times at Burglars in House.

SAN FRANCISCO, Oct. 3.—The firing of three shots at midnight in the neighborhood of Waller and Fillmore streets, alarmed the residents of the locality to such an extent that the police were called and discovered that the reports had come from the home of Mrs. M. D. McCrea, 329 Waller street.

The officers learned that Mrs. McCrea had awakened to see, as she thought, two men in the hall way of her home and believing that they intended to rob her had fired at them. A search of the neighborhood failed to reveal any suspicious characters.

ON TRIAL FOR MURDER.

SAN FRANCISCO, Oct. 3.—S. Sasaki, a Japanese, was placed on trial in Judge Cahan's court this morning for the murder of K. Tabayashi, a countryman, last April. The trouble arose over a labor contract, and Tabayashi was murdered in his home on Laguna street.

NON-PARTISAN SALUTE OF 21 BRASS BANDS GOT MONEY

Manager Senator Stephenson's Campaign States Where \$107,793 Went.

Congressional Committee Is Told About Wisconsin Politics.

MILWAUKEE, Oct. 3.—That the \$107,793 which was expended by United States Senator Isaac Stephenson in his campaign for nomination at the primaries was used legitimately for brass bands, autographs, buttons and other campaign advertising and was not employed corruptly was the gist of testimony given today before the senatorial investigation committee. The committee, which is investigating charges that Mr. Stephenson secured his seat in the Senate by bribery and other corrupt use of money examined E. A. Edmonds, manager of the Stephenson campaign in 1908. Edmonds described in detail the method of organizing the State. Knowing that the Senator was desirous of re-election and fearing the opposition would be strong, the witness said, thorough organization was determined upon. This resulted in Stephenson's nomination at the primaries and his election by the legislature the year following.

"The thoroughness of the campaign explains the large amount of money spent by the Senator for the nomination and none of it for his election by the legislature," he said.

Taking up the individual expense accounts of C. C. Wayland of Appleton, Wis., and A. R. Ames of Madison, Edmonds said all of them had complied with the law in filing their accounts.

MADE NO REPORT.

Edmonds said none of the campaign workers rendered a detailed report of expenditures and no such report was required of them.

"Do you mean to say that, knowing the law, you requested no detailed report of the money spent in Mr. Stephenson's behalf?" asked Senator Pomeroy.

"We never requested a report from them."

It was pointed out by the witness that with 2200 precincts in the state there were 8966 Republican party organizations. This was intended to show that Mr. Stephenson's expenditures were not excessive.

There was keen competition among the Republican candidates and Mr. Stephenson had to work hard to get out the vote and to insure his nomination, the witness said.

LAY OF LAND.

"A man has to be ready to spend a couple of hundred thousand dollars to get the senatorial nomination in this state. Is not that so?" asked Senator Sherman.

"Well, if he has not got the money he'd better keep out of politics," responded the witness. It was pointed out that in some counties Senator Stephenson spent an amount equal to \$5 a vote.

"Did you notice any evidence of prosperity after this money had been handed out to the common people?" asked Senator Haysburn, the chairman.

"I was too busy to observe," replied Edmonds. "We had a hard fight for the half-breeds were determined to beat us."

"What do you mean by 'half-breeds'?" "Half-breeds in Wisconsin are what we call the followers of Senator La Follette."

SALUTE OF 21 GUNS IS FIRED

Headquarters Formally Opened for 1915 Fair Board by President Moore.

M. H. de Young Welcomes Those Present When the Step Is Taken.

SAN FRANCISCO, Oct. 3.—To the accompaniment of a salute of twenty-one guns and the triumphant call of a bugle President Charles C. Moore of the Panama Pacific Exposition Company raised the flag on the new quarters at Fine and Battery streets, formally taking possession of the entire structure. All the directors of the 1915 fair, a number of invited guests and prominent citizens of the city to the number of 150 assembled on the roof of the building and paid their tribute to this further step in the launching of the mammoth exposition project. President Moore, with a few chosen words, introduced M. H. de Young, one of the directors, who made a few remarks.

"We are assembled here today," said the speaker, "to celebrate another step in the planning for the Panama-Pacific International Exposition. It is an important step that we take when we assume possession of this building, where many of the gentlemen who stand before me are going to work day and night, are going to be assigned to their respective offices and are going to labor for the success of this enterprise. In the name of the board of directors I welcome you here, gentlemen, to celebrate this important step."

TRUMPET SOUNDS.

Then as the guns boomed and the trumpets sounded President Moore, himself, hoisted the flag aloft, saying: "On behalf of the Panama-Pacific International Exposition, I will now formally take possession of this building."

Then with an appropriate toast, after repeated cheering, the champagne glasses were held aloft, and the assembled citizens drank to the success of the fair and the welfare of the officers who are going to plan and make it the best ever held in the world.

The salute was fired by W. F. Mossop on a small cannon which was placed on the roof.

KILLED BY FLYING HAMMER.

SANTA ROSA, Oct. 3.—M. Radakomle, a Greek laborer, was accidentally struck on the head last Saturday and instantly killed. Radakomle was engaged in work on the construction of the Port Bragg railroad and was holding a drill while another of the workmen was striking it with a sledge-hammer. The sledge flew off the handle and struck the unfortunate Greek on the head, crushing his skull.

BURGLARS GET \$118.

SAN FRANCISCO, Oct. 3.—Burglars broke into the house of John Fleishner, 883 Waller street, and stole jewelry and other valuables to the value of \$118.

or the Republicans who are not regular as soon as they forsake the regular Republican party for Senator La Follette they are called half-breeds."

J. J. Fuellecher, cashier of a Milwaukee bank, who was custodian of the Stephenson campaign fund, explained that a voucher was always given when the managers drew money.

# TO GIVE PARISH INDOOR PICNIC

## St. Joseph's Church Members Plan Annual Benefit Affair.

BERKELEY, Sept. 3.—The annual indoor picnic of parishioners of St. Joseph's church will be held Thursday, Friday and Saturday evenings in the parish hall. The program will consist of the proceeds to be devoted to the church fund. The program will consist of cadet drills, basketball contests, tag of war, fancy step dancing and other features.

A popularity contest in which young women of the parish will figure is to be conducted by Dwight Eveleth, Edward Condon and John Hoffman. The most popular girl will be determined by vote. The general committee arranging the picnic is headed by the following:

Tickets—Rev. Father Ryan, Rev. Father Holohan, T. Frank McGowan.

Publicity—J. W. Flynn, C. D. Maloney, Music—Rev. Father Holohan, E. W. McIntyre, L. Bardet.

Decorations—J. Cain, C. Rose, G. Moore, Sports—T. Harris, A. V. Sherry, T. Pegglin, H. O'Toole, L. Kennedy, Frank J. Kennedy.

Contests—Edward Condon, John Hoffman, Dwight Eveleth.

Refreshments—Mrs. C. D. Maloney, Mrs. H. MacDonald, Mrs. E. Brennan, Mrs. W. P. Grant, Mrs. P. Freeman, Mrs. J. W. Flynn, Mrs. J. McDermott, Mrs. J. Sullivan, Mrs. T. Harris, Mrs. T. Brennan, Mrs. A. V. Sherry, Mrs. J. Fosberg, Mrs. Anna Curran, Mrs. E. Mathews, Mrs. Merrill, Mrs. Kennedy, Mrs. A. Elwell, Mrs. J. Rasplier.

Ice Cream—Mrs. P. Levy, Mrs. H. McCullough, Miss Catherine McGee, Mrs. M. McGowan, Mrs. C. Smith, Mrs. C. Graham, Mrs. J. Branstetter, Miss L. Goodwin, Mrs. R. Sullivan, Mrs. J. O'Brien, Mrs. A. Abbott, Mrs. J. Seale, Mrs. A. Jordan, Mrs. J. McEwen, Mrs. P. Zelt, Miss Irene McCullough.

Candy booth—Mrs. E. Condon, president; Mrs. Captain Wayland, Mrs. T. F. McGowan, Mrs. C. Smith, Mrs. C. Graham, Mrs. J. Branstetter, Miss L. Goodwin, Mrs. R. Sullivan, Mrs. J. O'Brien, Mrs. A. Abbott, Mrs. J. Seale, Mrs. A. Jordan, Mrs. J. McEwen, Mrs. P. Zelt, Miss Irene McCullough.

Grab bag and fish pond—Mrs. A. Caherley, Mrs. M. McGowan, Mrs. C. Smith, Mrs. J. Johnson, Mrs. A. Bardet, Mrs. J. McGinnis, Mrs. L. Colburn, Miss L. Streul.

Children's afternoon entertainment—Miss Laura Colburn, Mrs. J. Lillenthal and Miss M. Cain.

# FOUR INQUESTS AT ALAMEDA MURDER

## A Coroner's Jury Will Inquire Into Killing of Two Women.

ALAMEDA, Oct. 3.—Four inquests will be held at the Alameda branch morgue tomorrow morning, in the cases of Mrs. Elizabeth Redding, who was found dead in her home; Mrs. Anna E. Emerick, who died after an illegal operation; Mrs. Minnie Roberts and Mrs. Adele Gaudet, who were killed by a south side electric train. It is expected that the coroner's jury will recommend precautionary measures to be taken by the railroad company to eliminate the danger at Regent street and Emelina avenue, where Mrs. Roberts and Mrs. Gaudet met their death. The thoroughfare has no sidewalk and necessitates pedestrians walking near the railroad tracks.

# YOUTH EXPERT AT WIRELESS SYSTEM

## 15-Year-Old Russell Ormsby Given Position On Liner.

ALAMEDA, Oct. 3.—Fifteen-year-old Russell Ormsby is operating a wireless station which he constructed himself with such success that he has been given the position of wireless operator on one of the Standard Oil liners which carries oil up and down the coast.

The boy built his own apparatus at his home, 1924 Monticello street, several years ago and worked untiringly to perfect himself in the construction and operation of the system. He has learned both the Morse and the wireless code and uses both in receiving and sending messages. The youth has assisted many operators, and is considered one of the youngest and most expert operators on the coast.

# OLD LANDMARK AT BERKELEY WILL SOON BE OBLITERATED

St. Mark's parish house, Berkeley, memorial gift by children of the late Mrs. James Palache.

BERKELEY, Oct. 3.—The work of demolishing one of the oldest ecclesiastical landmarks of the city began today, when workmen began tearing down old St. Mark's church, a wooden structure which has been used as a parish house for 45 years, preparatory to the erection of a new house, as a memorial to the late Mrs. James Palache.

The children of Mrs. Palache have donated \$10,000 for the construction of the building, which will be of the mission style of architecture, to conform with the main church building, adjoining at Bancroft way and Ellsworth street.

The new structure will contrast strangely with the old. The latter, built on Bancroft way, west of Ellsworth, in 1878, when the late Rev. G. W. Mayer was pastor, was moved to its present site in 1895 and served as a house of worship until 1902, when the imposing mission church was built.

The memorial parish house will have a plaster exterior, and contain class rooms, offices and guild rooms, on the first floor, with a large assembly hall on the second.

Architect Willis Folk has drawn the plans for the structure, which will be rapidly completed.

# OVERGROWN FIRST EVENING SCHOOL

## The West Berkeley Institution, Planned for Forty, Enrolls Seventy Pupils.

BERKELEY, Oct. 3.—Almost twice as many students as were expected enrolled last night at the opening of the first night school in Berkeley, inaugurated at the Franklin school in West Berkeley. Seventy pupils registered, although accommodations had been made for no more than forty.

Superintendent Frank E. Bunker in an interview concerning the new school, said today:

"In its policy of a wider use of the school plant, and thus making the school department of greater service to the community as a whole, the board of education has opened the evening school for the young men and women of the city who have no education lacking in various particulars.

"Instead of very definitely formulating the courses of study to be given therein, it is the desire of the board rather that the purpose be to give that which will seem to be most helpful to the particular student in question. Too frequently evening schools are run upon the other idea that courses will be offered and applicants can either take the same or let them alone.

"In some instances the courses are adapted to the needs of the individual, but in many more instances they do not give that which the student most needs. The board desires that the traditional viewpoint in evening school work be taken, that the more helpful policy of seeking out the greatest need of each individual and providing ways and means whereby this need can be met."

Another innovation in the Berkeley school department is the installation of savings banks this week in several schools, the plan of which is outlined and commented upon by Superintendent Bunker as follows:

"The board of education of Berkeley believes that one of the most important lessons which can be taught the children of the present day is that of thrift. Although the great majority of the children in our public schools are from homes in which are only fairly well-to-do and in many instances wherein rigid economy must be practiced, yet the principals of our large schools report that the children always seem to have plenty of 'spending money,' so much, indeed, that vendors of peanuts, popcorn and chewing gum have found school trade very attractive, and so in most of our cities they have hit upon the plan of stopping their wagons in the streets adjacent to the schools at the time of intermission, it has been estimated that the children in our large schools spend all the way from \$25 to \$40 per day in such knick-knacks which clearly do the children no good and which on the other hand often times are positively harmful.

"The board of education feels that the best guarantee it can have that our boys and girls are being taught the value of frugal, hard-working and thrifty when they become men and women is to know that as boys and girls these same qualities are in evidence. It believes that the schools, with the co-operation of the parents, can at least emphasize these qualities in the training which it gives and thus in a measure offset the tendency to extravagance which is so rampant among the people of the present day. With this latter objective in view the board has authorized the inauguration of a system of school savings, which, after twenty-five years of development and trial, has fully justified itself.

TEACHERS MADE TELLERS.

"The plan, in brief, is just this: That the teachers in the schools are made the tellers of the bank. On Monday morning of each week the children in their respective classes, take their nickels and pennies to the teacher just as they would to the bank, whereupon she enters the amount deposited in a pass book which belongs to the child. The money thus collected within a given building is placed in the hands of the principal, checked up and then turned over to the local bank which handles the same. The bank opens an account with each child and carries the name on its books just as it does any other depositor, paying interest at the usual rates on such deposits, which are subject to withdrawal according to the manner provided. The plan is so interesting to the children that it has been extended to the minds of the children when once a bank account is created.

"This idea of school savings was started twenty-five years ago in Long Island, N. Y., and has developed amazingly. In 1168 schools in 118 cities of this country over \$5,000,000 has been deposited by the children. In New York alone through this plan the children have saved fully one and one-half million dollars. The system has spread to twenty-three cities, and also to Porto Rico, Hawaii, the Philippines and Canada. In France there are banks in 31,000 schools with more than \$1,500,000 deposited therein. Alameda has taken up the plan. In Alameda and West Alameda it has been made a part of the postal savings system. More than 10,000 children have participated in the general idea and have thereby learned a lesson of thrift—a lesson much needed by our American children."

# SCHOOLS OPEN TO CAMPAGN RIVALS

## Superintendent Wood Avers the Public Has Right to Use Buildings.

ALAMEDA, Oct. 3.—"In spite of some criticism, the board of education and the school trustees make no apologies for permitting means to be used for the purpose of holding public school buildings last night at the mass meeting of the Child's Welfare League with the East End Improvement club in the Lincoln public school building in Alameda.

"We are pioneering in Alameda. Our school board, fathered the law for the larger use of school buildings and our assemblyman, Sumner Crosby, introduced the bill. We would be just as willing to let the schools be used for meetings of the kind as we would for the use of against equal suffrage or the use of if anyone wanted to hold such meetings. When the people have to vote on 23 amendments at one time, it is good sense to let in all the light possible. The people build and maintain the public schools and ought to have a right to use them for their education in public affairs."

Other speakers introduced by Mr. Nellie Nelson, chairman of the public meetings committee of the league, were Mayor Noy, Councilman J. W. McEwen, Probation Officer Russ, Mrs. Elmer Carlson, president of the Child's Welfare League, L. C. Moore of the Children's Home society of California and Principal Albert of the Lincoln school. The boys' and girls' Lincoln park playground rendered several selections.

# DOCTOR TO TALK ON HYPNOTISM

## Dr. Gardner to Address Club on "Autohypnosis as Defense."

ALAMEDA, Oct. 3.—"Autohypnosis as A Criminal Defense" will be the subject of an address to be given by Dr. A. W. Gardner before the Unitarian club tomorrow evening. Dr. Gardner will talk on all branches of hypnotism.

Dr. Gardner was superintendent of the Napa Insane asylum for a number of years and after serving in connection with that institution, established an asylum for the private treatment of all nervous and mental diseases. He is a professor at Cooper's Hospital, San Francisco.

The music of the evening will include vocal solos by Ernest McCandlish and Luther Marchant.

Dr. Gardner will address the club on the evening of October 18. The subject of the address has not been decided.

# GIRLS RUN AFOUL HIGH SCHOOL LAW

## Forty of Them, Eager to See Australian Boys, Are Tardy at Classes.

ALAMEDA, Oct. 3.—Forty girls of the Alameda High School, in their desire to welcome the Australian boys to this city, yesterday broke the rules of the school by arriving late for classes and were detained for one hour after school by Dr. George C. Thompson, the principal. The girls stated that they visited the Adelphi club house, which is directly opposite the school, and were invited by the members of the club, who acted as lunch hostesses for the Australian boys, to enter and listen to the speeches.

The girls claim that they did not hear the school bell, when it rang at 1 o'clock, and in consequence they were fifteen minutes late. Dr. Thompson said today that while he realized the girls had no intention of disobeying the school laws, yet he was forced to impose some penalty upon them. Dr. Thompson refused to give the names of the offenders, but stated that they were all underclass girls.

# WOMAN KILLED IN AUTO WRECK

## Daughter and Chauffeur Are Injured When Car Goes Over Grade.

BAKERSFIELD, Oct. 3.—Mrs. Mary Eckenrod of Bakersfield was killed, her daughter Alice was injured and Harry Briscoe, a chauffeur, was probably fatally hurt last night when the automobile in which they were riding went over the "China grade" between Bakersfield and the Kern river oil fields. A car following behind picked the injured up and brought them to town. Mrs. Eckenrod died on the way in.

TWO INJURED.

VALLEJO, Oct. 3.—Miss Nettie and Miss Helen Higgins of this city were painfully injured yesterday when an automobile containing a party of five and said to be owned by a man named Graham crashed through the railing of a bridge near Fairfield and turned turtle at the bottom of the ravine. The victims were taken to Suisun.

# TOTEM POLE NOW GRACES COLLEGE

## The Symbol of Aboriginal Life Placed in Front of S. F. Institution.

SAN FRANCISCO, Oct. 3.—A unique symbol of aboriginal life in America was erected in San Francisco yesterday when the gigantic totem pole, carved by the Haida Indians and recently brought to this city from Charlotte Islands, off the coast of British Columbia, was installed in its position on the hill in front of the anthropology museum at the affiliated colleges overlooking Golden Gate Park. The totem pole is a gift to the University of California, by Mrs. Phebe Apperson Hearst, who caused it to be carved and brought to this city.

In a way the pole will be as curious a spectacle to the sightseer in San Francisco as the famous Egyptian obelisk, which stands in front of the Metropolitan Museum in Central Park, is to the New York visitor. It is the best example in the United States of the work of the anthropologists of the world, the carved art of the most advanced Indian tribes, and from its position on the hill it will be in plain sight for miles.

The totem pole is 40 feet high and has a half foot thick at the base. On it is carved the whole genealogy of the Haida tribe in symbolic form. It is painted in dull colors that are weather proof and will last forever.

# 20 CLEAR DAYS IN SEPTEMBER

## Maximum Temperature for the Month Is 79 and Minimum 48.

The meteorological synopsis for September, as taken daily at the Chabot Observatory, Charles Burkhalter, observer, is as follows:

MEAN TEMPERATURE.

Mean temperature of the month.....60.9

Mean temperature of warmest day.....68

Mean temperature of coldest day.....48

September 18.....68

September 19.....68

September 20.....68.5

Maximum temperature—September 15.....79

Minimum temperature—September 15.....48

Mean highest temperature.....68.9

Mean lowest temperature.....48.9

Greatest daily variation—September 15.....31

Least daily variation—September 30.....6

Monthly range of temperature.....31

Mean daily range of temperature.....13.9

PRECIPITATION.

Rainfall in inches during the month......01

# MANY COMING TO COAST

## Oakland Merchant Pleased at Comment Made About the City.

Mr. George Lavenson, one of the proprietors of the Moss Glove House, in this city, has just returned from a month's business trip to New York and Chicago. Mr. Lavenson is one of the largest distributors of many lines of gloves, corsets and hosiery on the coast. His visit was for the purpose of getting better in touch with the large manufacturers of these leading necessities.

It was interesting to Oakland people to learn that the Moss Glove House is one of the finest and largest in America. This information has been given out by leading manufacturers. Mr. Lavenson says that thousands are expecting to come to California soon, and the fame of Greater Oakland has grown rapidly among all classes in the big cities.

# HISTORY OF OCEAN TRADE IS WRITTEN

## Benjamin C. Wright, who for forty years has been connected with the shipping interest in San Francisco and well known as a writer, has just published a book entitled "San Francisco Trade—Past and Future." It is a story of the deep water service of San Francisco, 1848 to 1911, and the effect the Panama canal will have upon it. This author is particularly well qualified to write on the many thousands of years he has made a study of conditions around the water front and the Pacific coast shipping facilities. He is the author of "Banking in California, 1849-1910," a book of interest to Californians on the progress of the Golden State.

# VALLEJO TO GO AFTER MANUFACTURING PLANTS

VALLEJO, Oct. 3.—Mayor W. J. Torney and the City Commissioners yesterday sent a communication to the Vallejo Trades and Labor Council, informing that body that a municipal gas plant would not be practical for this city.

The note stated that it would cost more than \$100,000 of thousands to fight the Pacific Gas and Electric Company in this territory.

The communication also informed the petitioners that the commission intended reserving the credit of the city to bond heavily prior to the opening of the plant, and that the purpose of reclaiming several hundred acres of warehouse and factory sites.

# HISTORICAL SOCIETY ADOPTS CONSTITUTION

UNIVERSITY OF CALIFORNIA, Oct. 3.—The new Historical society adopted a constitution and rules of conduct for the organization yesterday. The association, which is composed of the University of California, will keep up interest in research work.

President, K. C. Leebick, secretary, Miss Jennett Miller. The board of governors, C. W. Ziegler, Stanford, Miss Anna Hughes, Texas; Miss Georgia Coy, Miss Nan Hunt and T. B. Kittredge.

# YOUNG MEN'S INSTITUTE PLANS SERIES OF DANCES

ALAMEDA, Oct. 3.—California council, Young Men's Institute, will give the series of dances at the Alameda branch hall on the following dates: October 20, November 17, January 12, February 16, March 18 and April 19. The committee in charge consists of J. H. Smith, chairman; W. J. Hutton and J. McCallister.

The dances given by California in the past seasons have been enjoyable and largely attended. Cards have been sent to the members of the various councils in the bay cities.

# CHURCH SOCIETY TO HEAR DISCUSSIONS

ALAMEDA, Oct. 3.—Assemblyman C. C. Young of Berkeley will be among the speakers at the meeting of the Pilgrim Brotherhood of the First Congregational church tomorrow night at 8 o'clock on the amendments. The music of the evening will be furnished by a male quartet of the church. Orpheus club under the leadership of B. H. McCallister.

A dinner will be served by the King's Daughters in the church auditorium at 6:45 o'clock.

# COLLEGE BOYS TO ACT AS HOSTS

## Australian Visitors to Be Entertained at St. Mary's by Members of School.

The Australian Boys' band will be the guests of St. Mary's college tomorrow afternoon at 4 o'clock when games of all descriptions will be played on the cinder track in the college grounds under the supervision of Brother Lewis. In the evening the boys will have dinner at the college, where they will remain with the college students over night. A program has been prepared and a splendid time is anticipated. On Thursday the boys will be divided into groups and taken around the city by the students. Among other places of interest the boys will spend some time visiting the St. Joseph's academy, which is a preparatory school for the younger boys.

# CHAPLAIN CALLED IN CAMORRA CASE

## Reputation of Priest Vitozzi Is Again Assailed by the Churchman.

VITERBO, Oct. 3.—The reputation of the priest, Vitozzi, who is one of the defendants in the Camorra trial, was again assailed today. A priest named Fusco, one of the chaplains of the Naples cemetery and in this capacity associated with Vitozzi, testified that the latter was one of the worst characters in the Camorra. The defendant, he said, always insisted on having the lion's share of the cemetery fees, and in order to obtain it was in the habit of threatening the other priests.

Another witness, Galaro, swore that de Angelis and Amodeo, two of the prisoners, had confessed to having murdered General Cuscolo and the latter's wife. In reply today these two men declared that Galaro was the secretary of the company which publishes a newspaper edited by Attorney Lloy of the defense.

# DENIED BUILDING, HOLD MEETING OUTSIDE GATE

## UNIVERSITY OF CALIFORNIA, Oct. 3.—Denied the privilege of holding a woman's suffrage meeting in any university building, through a recent order of President Wheeler, the women students held an open air social rights meeting outside the Sather gate late yesterday afternoon, which was addressed by Mrs. Mary Keith, president of the Berkeley Political Equality League, and Miss Margaret Hale of Chicago, who has been campaigning in this vicinity.

# PASTURES TOO MANY COWS IN SMALL SPACE

ALAMEDA, Oct. 3.—H. B. Bodke, an Alameda veterinarian, charged by Fox Inspector Tom Carpenter with violating the city ordinance, stipulating the number of cows to the acre, appeared before Judge Tappan this morning and stated that he was familiar with the law, but immediately following the advice from Dr. Carpenter, he had taken the precaution of releasing under suspended sentence.

# MODESTO TO PROCLAIM FAME ON BIG ARCH

## MODESTO, Oct. 3.—The steel for the construction of Modesto's big arch is expected here any day, and work will start by the first of next week. The arch is to be constructed by the Modesto Business Men's Association at a cost of \$2000.

# FLORIST IS ARRESTED ON FATHER'S CHARGE

## BERKELEY, Oct. 3.—Antone Avansino, a florist of 2525 Shattuck avenue, was arrested late yesterday on a technical charge of battery, upon a warrant issued by Judge J. H. McCallister, 407 street, who alleges that Avansino enticed his 7-year-old daughter, Geraldine, and his companion, June Rhodes, aged 16 years, and in the process of giving them a bouquet, and that he hugged and kissed them. Avansino is at liberty on bail and will be arraigned in Justice of the Peace Robert Edgar's court tomorrow.

# CITY ASSESSMENT ROLL COMPLETED

## BERKELEY, Oct. 3.—The city assessment roll, which was completed and shows a total assessment value of \$27,102,245. On this amount of property there is to be collected in taxes, \$291,852.44, the amount of which will be paid in the first installment being \$153,114.45 and the second \$138,737.99. The total assessment is based on a tax rate of 79 cents.

# OCTOGENARIAN DIES

## BERKELEY, Oct. 3.—At the age of 83 years, Jean Duchene died yesterday at his home, 1244 Cedar and Oak avenue. He had resided in California for 25 years, and is survived by a wife and two daughters.

# POISON OAK CURED

Many people suffer untold misery from Poison Oak and Poison Ivy, but the very first application of Blittz Dermoline gives soothing relief, and in many applications accomplishes a speedy cure.

Henry Warmack, 2971 21st street, San Francisco, writes: "I have been a great sufferer from Poison Oak for years. As soon as I came in contact with the same wherever I went, I was sure of having a heavy dose. Fortunately I learned of your remedy. I immediately applied, with magical results, from one to two applications performing a cure. I can highly recommend the same to all."

If you suffer from Poison Oak or any skin affliction, write to the Blittz Remedy Co., 15 Gary street, San Francisco. They will gladly mail you a free sample. Blittz Dermoline will cure Eczema, Pimples, Itch, Eruptions, and many other skin afflictions, and the very first application will convince any sufferer of its merit.

There is no need to be satisfied so quickly. Write to the nearest druggist, buy a 50c jar and write to the Blittz Remedy Co., 15 Gary street, San Francisco, if you never tried it before. Sold by all druggists and Collins Bros., 14th and Washington streets.

# ALAMEDA PERSONALS

ALAMEDA, Oct. 3.—Mrs. E. K. Taylor left for the Critter club at her home, Santa Clara avenue, and the Critter club, tomorrow afternoon. Superintendent's dramas will be taken up Sunday, the drama of Mrs. Reuben Mastick, president.

Mrs. John Ralph Wilson will be hostess at the first meeting of a new bridge club which includes a social hour, the society matrons of this city. The meetings will be held once a month. Mrs. Wilson and Mrs. S. A. Moss are organizing the club.

Mrs. Charles L. Tisdale will leave tomorrow for Butte county to spend several weeks with her daughter, Mrs. Edw. Tisdale.

Mrs. W. H. L. Hynes was hostess at a card party yesterday in honor of Miss Mildred Foster, the fiancée of Hugh Hogg.

Mrs. Oscar Schlesinger entertained the Stitch club yesterday in honor of Mrs. Robert Edgar Jack, a visitor in this city. Mrs. Jack is a member of the club.

Mr. and Mrs. Philip S. Teller and Mr. and Mrs. Robert H. Swayne are making an auto tour of the northern part of the State. They will be away for a week, the trip including Mendocino and Humboldt counties and the southern part of Oregon.

Mrs. A. T. Means of Seattle will arrive here Thursday for a visit to her son and family, Rev. C. L. Means.

# GOVERNOR TO SPEAK AT HAIGHT SCHOOL

## ALAMEDA, Oct. 3.—Governor Hiram Johnson will speak at the Haight school auditorium, Friday evening on the proposed amendments to the constitution. He will give an address at the Macdonough theater, Oakland tomorrow night.

# GARNET HOLME WILL COACH JUNIOR FARCE

UNIVERSITY OF CALIFORNIA, Oct. 3.—Garnet Holme was selected by the junior farce committee last night to present on the afternoon of December 1, junior day. The final fate for acceptance of manuscripts for the two pieces has been set for next Monday.

# SCIENTIFIC FARMING GROWS IN POPULARITY

## UNIVERSITY OF CALIFORNIA, Oct. 3.—Teaching of agriculture by the University is being fruit throughout the State, according to Professor W. T. Clarke, who has returned from a farmers' institute at Kerman, Fresno county. He was 125 farmers in attendance at the two days' sessions, as compared with 12 persons in attendance when the first institute was held there.

# RETIREMENT PAY "PENSION"

WASHINGTON, Oct. 3.—Provided the civil salary does not exceed \$2500 per annum, the controller of the treasury has ruled that a retired officer may accept civil appointments and continue to draw his retired pay, that

# STRUCK HIS WIFE

She suffered in distress, not being able to procure her new suit. Finally the "California Credit Plan" struck her. \$1 a week, 59 Stockton street, San Francisco, upstairs.—Adv.

# How Society Woman Wards Off Wrinkles

"Wrinkles are not strangers to me, but when I acquire such disfigurements I know how to lose them in a hurry. A well-known society matron confided this to me. I had wondered how she, with her strenuous social duties and late hours, could so completely ward off the usual marks of care and dissipation. 'I don't wear wrinkles in public, nor those horrid rings beneath the eyes,' she continued, 'since I've learned what plain, ordinary sassafras will do. When I send to the drug store for an ounce of powdered sassafras and half a pint of witch hazel, I mix the two, bathe my face in the solution and—that's the whole secret. I've never tried anything that works so miraculously. My chin is inclined to double this trouble, too, I keep in check in the same way.'—Emily Dean in Town Talk.

**LEGAL.**

**NOTICE OF TRUSTEES' SALE.**

Whereas, H. A. C. Kauffman and J. Katharina Kauffman, his wife, of the City of Oakland, County of Alameda, State of California, did execute and deliver a certain deed of trust bearing date the 11th day of September, 1910, to M. E. Gluckman and Saul H. Goldstein as trustees for the benefit and security of Jacob E. Lewis, which deed of trust is on file in the office of the County Recorder of the County of Alameda, State of California, on the twelfth day of September, 1910, in Liber 1320 of said County; and

Whereas, the said H. A. C. Kauffman and J. Katharina Kauffman, his wife, may have failed in the payment of the certain promissory note secured by said deed of trust, both principal and interest, and the said Jacob E. Lewis has refused to sell the lands and premises in said deed of trust described;

Now, therefore, pursuant to the said deed of trust and in accordance with the terms thereof, and under authority vested in the said trustees, the said M. E. Gluckman and Saul H. Goldstein, do hereby give notice that on Thursday, the 26th day of October, 1910, at 10 o'clock of said day, at the entrance to the court house in the City of Oakland, County of Alameda, the said trustees will thereat sell at public auction to the highest bidder, for cash in hand, gold coin of the United States, that real property with the improvements thereon situated in the City of Oakland, County of Alameda, State of California, and which is particularly described as follows, to wit:

That certain parcel of Intersection of the center line of a street 40 feet wide, called Vicksburg avenue (formerly called Davies Lane) with the adjoining lots 18 feet wide, No. 1 and No. 5, of said avenue and delineated on the map hereinafter referred to, and running thence south 58 degrees 50 minutes east 18 feet, to the center line of the street known as the County Road leading to

(Aunty Farm); thence south 47 degrees 38 minutes east 830 feet; thence north 8 degrees 50 minutes west 836 and 4-10 feet to the said center line of said Vicksburg avenue (formerly called Dives name); thence north 50 degrees 10 minutes east 136 and 1-10 feet to the point of commencement; containing four acres; saving and excepting therefrom, however, the westerly 50 feet of said deeded premises; which said 50 feet is dedicated for, and forms a part of said Vicksburg avenue (formerly Dives name); the premises herein described being a part of subdivision No. 3, as shown on the map of the Patterson Ranch subdivided: December, 1877, which map is annexed to the final decree of partition in the estate of Solomon E. C. Kauffmann, et al., in the Third District Court, Alameda County, Case No. 4132; and being the same premises conveyed to William D. Taylor by deed of said said said said, bearing date the 30th day of August, 1887, and recorded in the office of the County Recorder of Alameda County, in Book 10, page 104. And also all the estate, interest, home-  
 deed, property and other claim or demand, which the said E. A. C. Kauffmann and his heirs, assigns and assigns, have had in and to the said deeded premises, with the appurtenances, at the date of execution of said deed of trust, they have owned or claimed.

In witness whereof, we have hereunto set our hands and seals this 19th day of September, 1911.

E. GLUCKSMAN,  
 S. AUL H. GOLDSTEIN,  
 Trustees.

NORMAN A. EISNER, Attorney-at-Law,  
 1114-1114 Crocker Building, San Francisco.

## VAUDEVILLE ARRANGEMENTS ARE COMPLETED BY CADETS

MISS ETHEL ISAACS, who will render violin solo at League of the Cross vaudeville show.

The members of Company H, League of the Cross Cadets, have arrangements complete for their vaudeville to be held on the evening of October 4 at St. Mary's hall, Seventh and Grove streets.

The entertainment, featuring two select sketches, "Honor and the Thief," by Will Scarle, and "Who's Who," by Thos. Williams, has been carefully rehearsed for the last six weeks, under the direction of Lieutenant Courtney. The casts for the sketches follow:

**HONOR AND THE THIEF.**  
Gaston Dupanloup, a retired military officer..... Courtney  
Francisco Villon, scholar, poet and housebreaker..... Private J. H. Hammond  
Officer of the watch..... Private J. J. Rordan  
**WHO'S WHO?**  
Matilda Jane, a housemaid..... Betty Besson

Mr. Bloomfield Bramberton, capitalist.....  
Closely, his daughter..... Gertrude Greer  
Simonides Swanhopper, a model young bachelor..... Sergeant S. C. Cronin  
Lawrence Lavendar, a new man-servant..... Private Frank M. Flynn

The other numbers on the program are:

Vocal solo..... Miss Ethel Isaacs.  
Violin solo.....  
Bits of comedy.....  
Corporal Curran and Private Gilbert.  
Vocal duet..... Denza  
Marie B. Nicholas, soprano.  
Ruth M. McKenzie, contralto.  
Hazel S. McKenzie, accompanist.  
Recitation..... Charles T. Courtney.

## A. H. A. DELEGATES TELL OF EFFORTS

Prominent Humanitarians of the County Address Convention Across Bay.

SAN FRANCISCO, Oct. 3.—Today's program in the thirty-fifth annual meeting of the American Humane Association was shared by dumb animals and children; the animals had the morning session.

George A. H. Scott, secretary of the Illinois Humane Society, described his successful efforts in the organization of work horses' parades for Memorial Day, Labor Day and other public occasions.

James S. Bell, superintendent of the Western Pennsylvania Humane Society, explained his work in organizing bands of mercy.

"The humane destruction of small animals" was discussed by W. K. Horton of New York, general manager of the American Society for the Prevention of Cruelty to Animals, and Carl C. Kleinstock of Kalamazoo spoke of "Weaning Calves."

At the afternoon session the national conference of charities and corrections was discussed. A reception and banquet are scheduled for tonight.

## STUMBLES INTO DEN OF HISSING RATTLERS

LOS ANGELES, Oct. 3.—"It seemed like a thousand pair of beady little eyes were focused on me alone, their forked little tongues glimmering beautifully in the sunlight. I was almost paralyzed with fear, yet fascinated as they crawled over and above me."

This was the statement yesterday by Roy Jones, day clerk at a local hotel, who tumbled headlong over an embankment into a den of rattlesnakes at the mouth of Eagle Rock canyon.

"It seemed like I lay on my back for hours. There were hundreds of rattlers around me. I was afraid to move or even breathe. I expected them to strike at me at any moment."

"One big rattler wound itself around my camera, and then my friend, Ben Johnson, called to me. This brought me from my trance. He climbed down with two big sticks and I got up."

"We killed four or five snakes and then got out of the way in a hurry. Give me a den of lions to a den of rattlesnakes every time. Ye gods, that experience will always live with me. It was terrible."

## ACCEPT SPIRITUALISTIC BOOKS.

STANFORD UNIVERSITY, Oct. 3.—An offer by Thomas Welton Stanford, a brother of Leland Stanford, to the Stanford library with all the leading books on Spiritualism has been accepted by the board of trustees, and when the books are received the Stanford library will be one of the best equipped libraries in the United States on the subject. Stanford has also offered to endow the university with a chair of psychic research.

## BRUISED HEARTS ARE MADE WHOLE

Chicago's Court of Domestic Relations an Unqualified Success.

CHICAGO, Oct. 3.—In the first six months of Chicago's court of domestic relations, Judge Charles Goodnow has been able to patch up 1250 cases without a trial. During this time the judge listened to 2434 cases of domestic trouble and married 64 couples. All except two of these marriages have been happy, as far as the court can ascertain.

"Home has been heaven, Judge," said one woman, "since you talked to my husband. I didn't think anyone could do so much for us."

It has been the judge's policy to cause reconciliations whenever possible and not to take cases to trial. The court so far has collected more than \$25,000 for the benefit of deserted wives and children.

"I never use the word 'obey' in performing marriage ceremony, and I don't believe it belongs there," said Judge Goodnow.

## Yes, Swissco Will Grow Your Hair

## NORTH URGES S. P. TO RESUME CUTOFF WORK

PORTLAND, Ore., Oct. 3.—Suspension of work on the Klamath-Natron cutoff of the Southern Pacific, which was revealed by the Portland booster excursion

to Klamath Falls last week, has been brought to the attention of Portland commercial bodies with a view to having the matter of resuming the work taken up with the railroad.

The Portland business men on their trip found that nothing had been done all season, and the ninety-mile chasm between rail heads was a hopeless barrier to commerce as the haul up the Siskiyou could ever be.

The Klamath-Natron cutoff is planned to be a link in the main line between Portland and San Francisco. The line between Weed and Klamath is not all in condition to bear heavy traffic.

## "Mr. Wood"

said a lady coming in the store one day, "If I couldn't get another pair of glasses like these, I wouldn't take a thousand dollars for them."

## GETS \$1000 FOR BROKEN LEG.

SANTA ROSA, Oct. 3.—Superior Judge Emmett Seawell gave John Burton a judgment for \$1000 against the Northwestern Pacific railroad this afternoon. Burton had his leg crushed while on a crowded train by being thrown between the cars. The suit came to trial some time ago. The railroad offered to compromise for \$500.

After exposure, and when you feel a cold coming on, take Foley's Honey and Tar Compound. It checks and relieves. Use no substitute. The genuine is in a yellow package always. Wishart's Drug Store, corner 10th and Washington streets.

## Excursion Tickets to Bakersfield.

Commencing September 30, to October 9, inclusive, round trip tickets will be on sale to above named-point from San Francisco, Oakland, Stockton, San Jose, Banning and intermediates, including branch line points, account Cowboy Carnival, at one fare and one-third, final return limit October 10. For further information ask Southern Pacific agent.
